

# Girl Fuck

an introduction to girl-on-girl  
lovin'

Have you ever wondered.

or maybe,

Just what is it girls  
actually do in bed?

What the shit is up  
with lesbians and dildos?

or

What is a  
dental dam,  
anyway?

Friend!

This comic is for you!

It's a quick'n' dirty introduction  
to some of the most popularly  
misunderstood concepts regarding  
girl-on-girl sexin'.

Mind you, this isn't a definitive,  
all encompassing rule book. In the  
back there are an assortment of  
much more in-depth resources to  
check out.

Alright, have funz!

# CAN GIRLS HAVE SEX WITHOUT MEN?

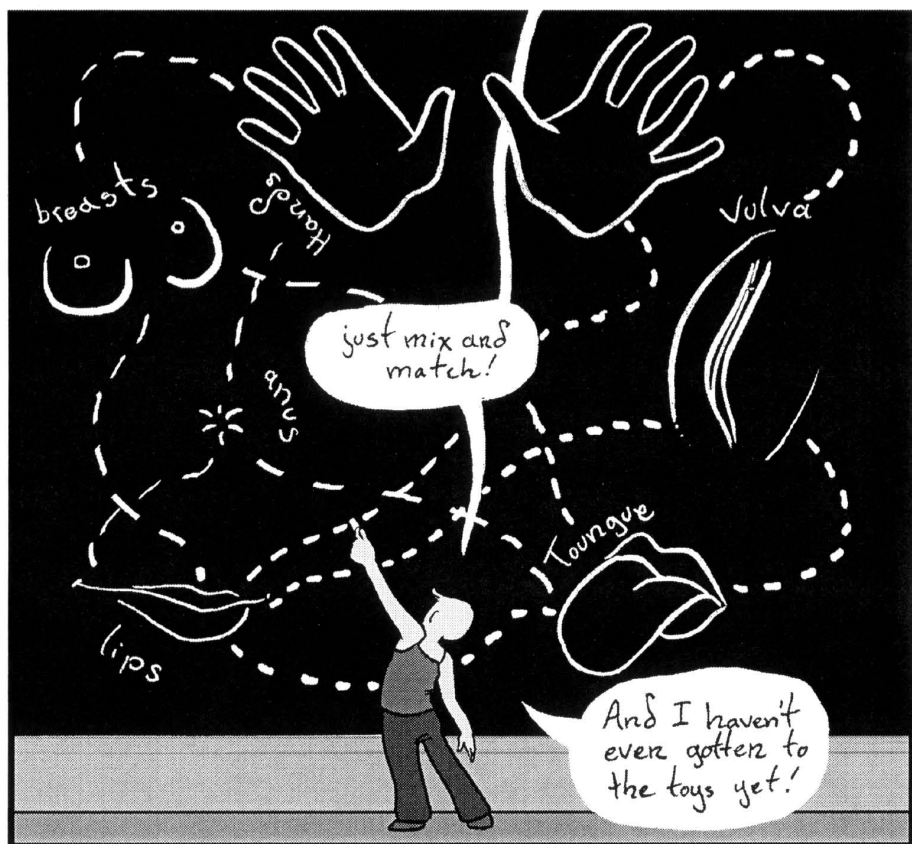

I hear this on a  
frighteningly  
regular basis.

BUT WITHOUT A  
PENIS, HOW IS IT  
POSSIBLE? *piss!*

That, my friend,  
is where the  
fun lies!

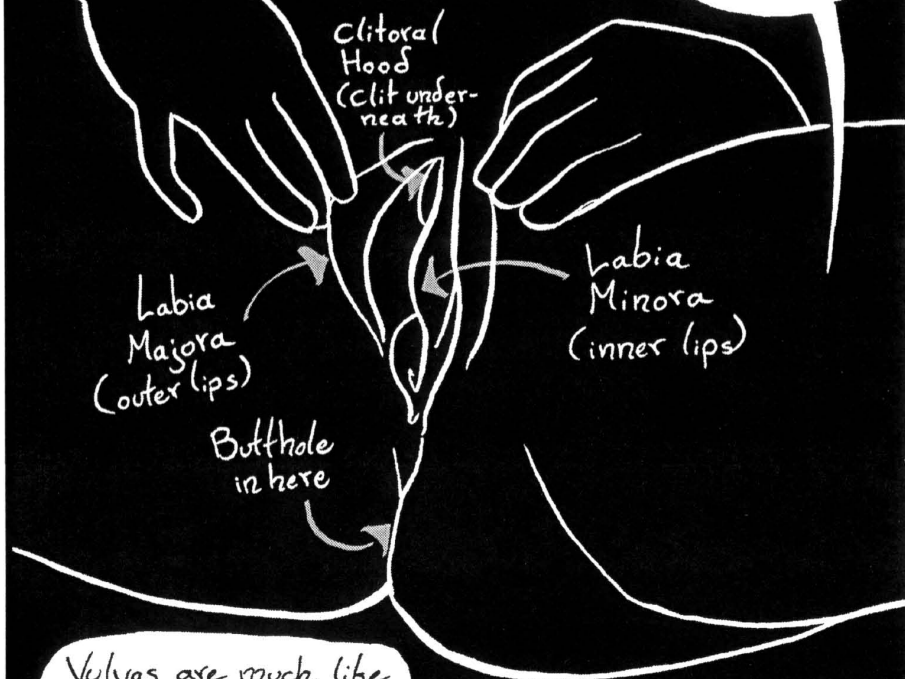

# HOW DOES THE VAG WORK?

The actual vagina is not visible from the outside, it's the inside corridor leading to the uterus.

What we're seeing here is your friend and mine, The Vulva!

Vulvas are much like snowflakes, no two are identical and when it gets really cold they flutter down from the sky, getting caught in your eyelashes.

Idle hands are the Devil's playground—so keep yours busy.

I suggest you...

...massage outside the lips...

...stroke between the folds...

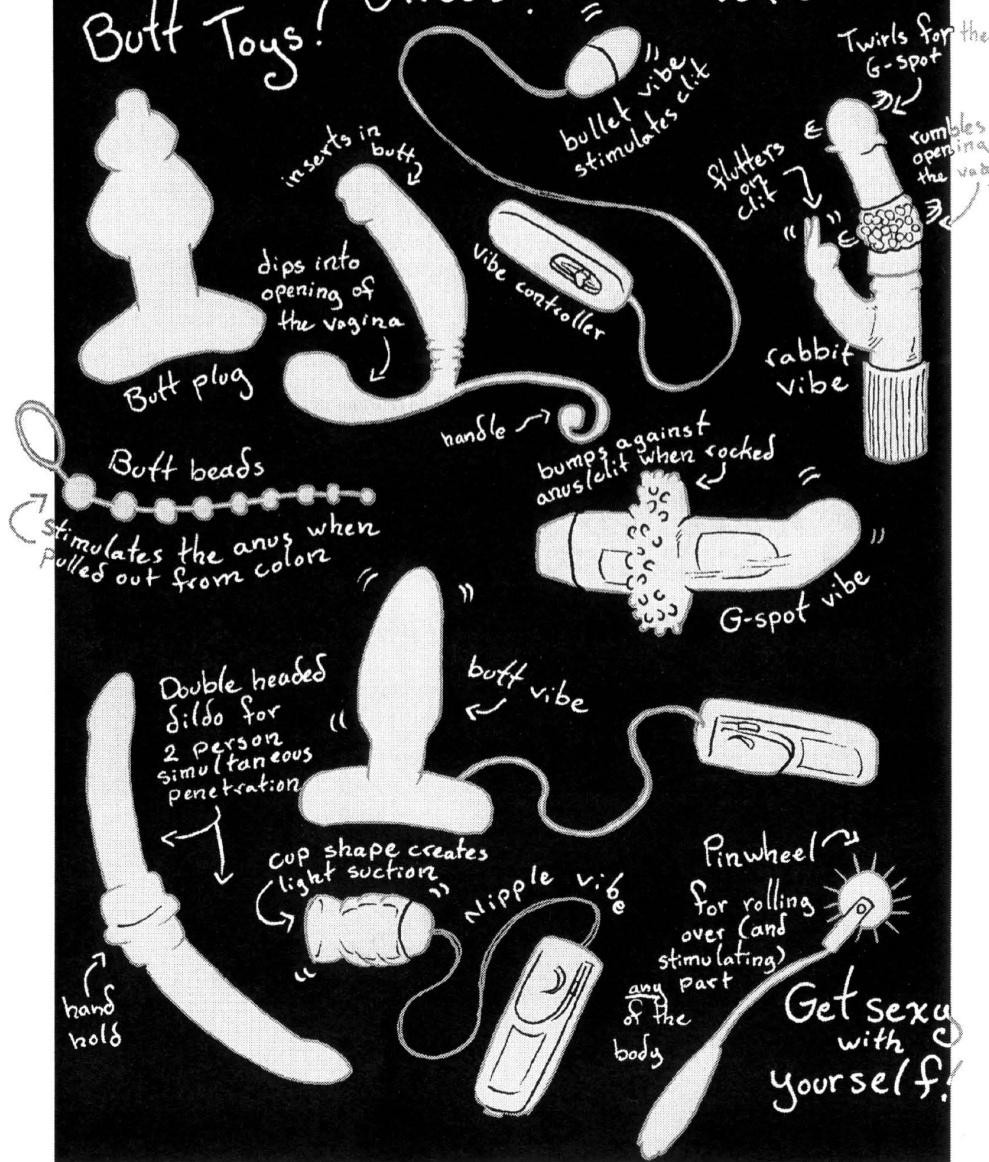

...slip inside with 1, 2, 3, 4 fingers...

... or even your whole fist.

Also feels great on the butt hole!  
Just use a lot of lube.

Don't forget you can

IF A GIRL IN A GIRL  
RELATIONSHIP LIKES  
DILDOS, DOES THAT  
MEAN SHE SECRETLY  
WANTS A MAN?

Nope!

This is a common mis-  
conception and there's a  
variety of answers...

It's a whole  
different orgasm  
when I wear  
my strap-on.  
It makes me  
feel sexy...but  
not like a man.

I love sucking my  
girlfriend's cock be-  
cause of how hard my  
girl cums. Making her  
feel good makes me  
feel good. I don't  
think of it as a male  
thing, just a feel-good  
toy. Like, just 'cause  
dags have vags doesn't  
mean straight guys  
are attracted  
to them (nec-  
essarily); just  
'cause I like  
my girl's cock  
doesn't mean  
I want a  
man's.

It's not shaped  
like a penis, it's  
shaped like the inside  
of my vagina.

I'm attracted to  
women, not men.  
Why do I have to  
justify  
what I  
like in  
bed?

The base of the dildo specifically presses against the vulva, providing lots of stimulation for all her girly bits!

There's a variety to choose from!

# ANAL SEX IS JUST FOR GAY MEN, RIGHT?

Asses are major pleasure receptors regardless of gender and sexual orientation.

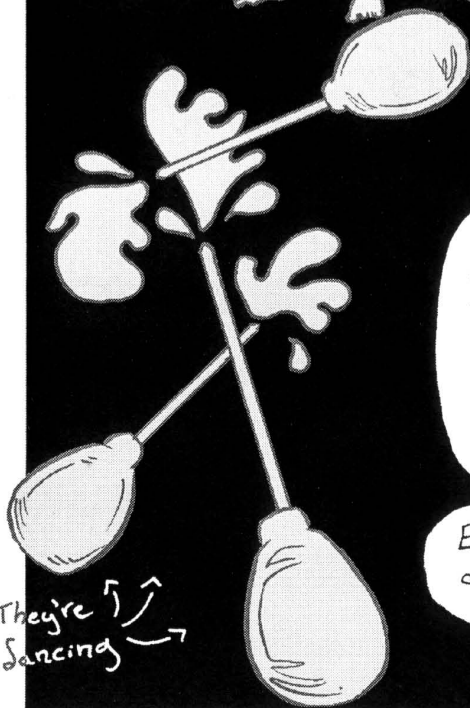

Butt play is sexy for men and women!

\* Wrong!

2-3 hours before partaking in anal penetration get a warm water enema; this gets your colon clear and allows your body time to replenish its normal moisture level so that it's prime for playing.

Enema kits are available at pharmacies and grocery stores.

Let's talk about girls and boys and

So here's the thing,

there's no one set of  
universally agreed upon  
definitions for sex  
and gender identity.

These interpretations  
are flexible.

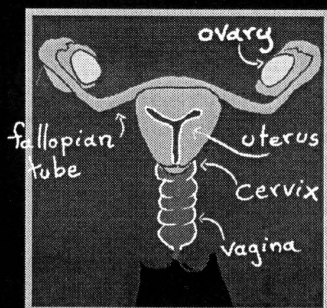

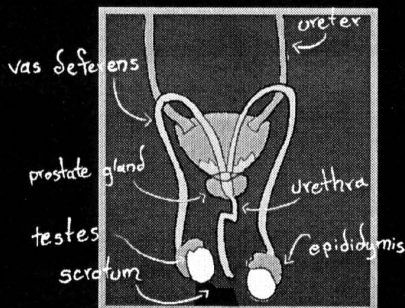

## Th' basics

# What is Sex?

(Not counting the 'act of')

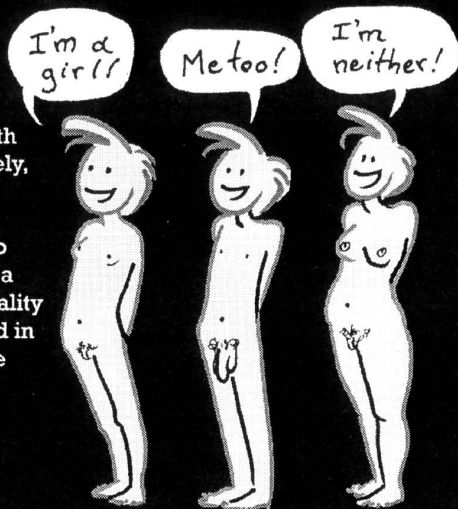

### sex n

1. either of the two reproductive categories, male or female, of animals and plants
2. sexual intercourse
3. sexual activity or behavior leading to it
4. the genitals (literary)
5. the set of characteristics that determine whether the reproductive role of an animal or plant is male or female

# WHAT IS GENDER?

In the social sciences and humanities, a gender role is a set of behavioral norms associated with males and with females, respectively, in a given social group or system. Gender is one component of the gender/sex system, which refers to "the set of arrangements by which a society transforms biological sexuality into products of human activity, and in which these transformed needs are satisfied" (Reiter 1975: 159)

Wikipedia,  
encyclopedia

# HOW THE CRAP DO I CATEGORIZE THE GENDERS???

This one still works for some people...

CHECK ONE:

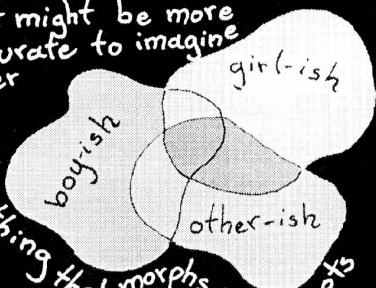

BOY

GIRL

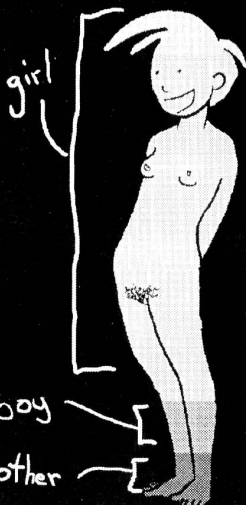

... just not for everyone.

It might be more accurate to imagine gender as fluid, something that morphs and adapts uniquely to each individual.

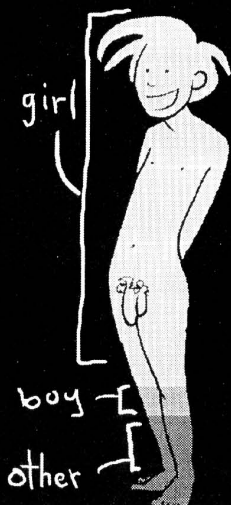

While your gender can coorelate to your sex organ in the traditionally expected way, it doesn't have to.

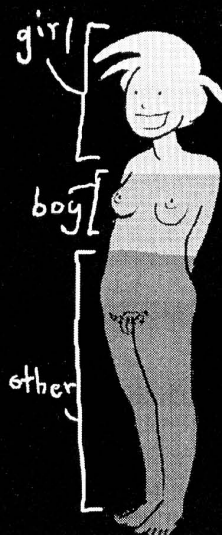

I'm a girl!

Me too!

I'm neither!

# Always Be Safe

Sharing is caring—  
But NOT when  
it comes to  
**BODY FLUIDS!**

Any form of exchanging  
fluids puts you at risk of catching  
and spreading nasty diseases, some  
that can be with you for the rest  
of your freakin' life.

Use Dental Dams  
for oral sex...

and Latex Gloves  
for finger fucking!

Practicing safe sex does not  
guarantee you protection, but  
it is a hell of a lot more  
efficient than using no-  
thing.

# A couple safety tips

When switching from the anal region to the vulva region make sure you put on a fresh condom/gloves/dental dam.

You don't want booty germs getting in the coochie-la, and vice-versa.

Also, do not let open sores, scrapped skin or cuts come in contact with orifices and body fluids.

Seriously, ew.

## About lubes

Oil based lubricants are not compatible with latex.

They make your condoms, gloves, and dental dams totally useless.

NO

Vaseline

baby oil

Crisco

etc.

Only use water based lubes

Sample sizes!

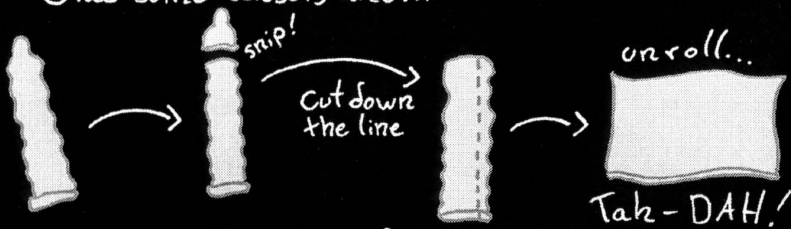

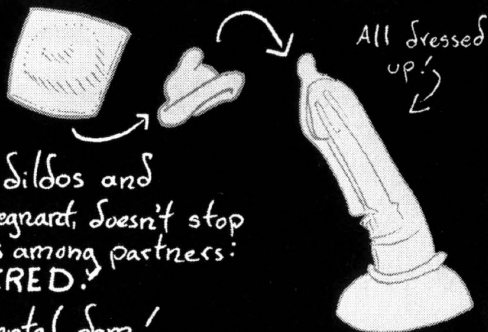

Use condoms.

## SAY WHAT?

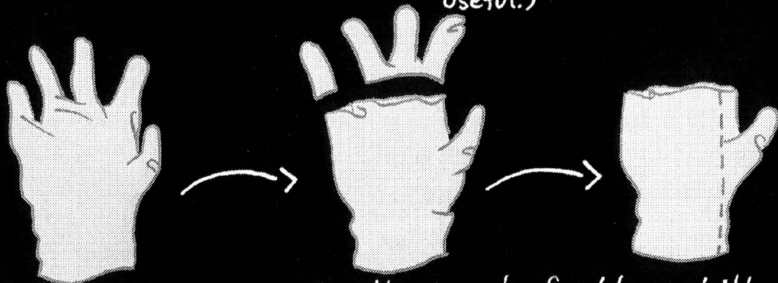

No, really! Just 'cause dildos and other toys can't get you pregnant, doesn't stop them from spreading germs among partners: so **KEEP 'EM COVERED!**

OR use one to make a dental dam!  
Grab some scissors and...

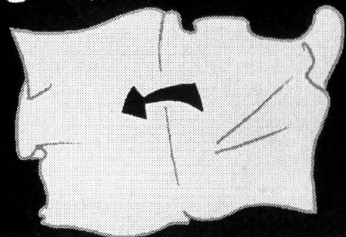

On the topic of homemade Dental Dams...

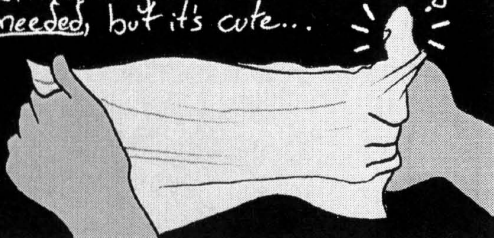

- ① Start with a latex glove.
- ② Cut off the fingers (You can cut off the thumb, but it can be useful.)
- ③ Cut along one side.

④ Unfold.

The thumb is kinda like a little stirrup for your thumb! Not really needed, but it's cute...

Oh man!

I've only barely explained a few of the basics and there's still so much more to tell you about...

...but I'm outta space.

## Books

The Whole Lesbian Sex Book: A Passionate Guide for All of US

- Felice Newman

Hoo boy, this book is freakin' thorough. It covers every aspect of being in any kind of sexual relationship: from anatomy to healthy body image to masturbation to communicating with your partner(s) to breast/clit/anal play to vaginal/anal penetration to gender issues to BDSM to toys... etc., etc., etc.

## Small Favors

- Colleen Coover

I can't recommend this comic enough! It is unparalleled in its positive, whimsical, sexy depiction of lesbian sex. Girl-on-girl action has never been so adorably erotic.
