## FUCK YR HEALTHY GAY LIFESTYLE

(The FRINGE Manifesto--Freaks, Radicals & Inverts Nail  
Gay Elite!)

Gays and lesbians do not exist--there are only queers and straights. Those known as "gay and lesbian people" are essentially straight assholes who sleep with members of their same gender and have nothing to do with QUEERNESS except their fear and rape of it. Queers are twisted & disgusting, beautiful & glamorous, extreme & alive. We live outside the margin and move to keep working edges, surviving co-optation, decimation & attack by those so called "gay and lesbian people". We are everywhere where things are truly happening. Ass-kissing "gay and lesbian" bores scramble on their knees to give blow jobs to the straight power brokers and earn favor as their subservient underlings while simultaneously trying to steal the excitement of queer life force. They masquerade in both straight and queer camps as it suits their fancy, but the truth is, they don't exist anywhere & aren't anything because they don't know who they are.

One of the most dismal manifestations of those "gay and lesbian specimens is their desire to breed & replicate the noxious straight nuclear family to prove their existence and fit in. Lesbian breeder bags & their designer 3rd world babies are the worst form of living genocide. Post-term fetuses are used as entree into polite normal society and are showcased at "gay & lesbian" validation events known as "Pride".

During this sniveling event, "gays & lesbians" spend one afternoon out of the year tokenizing the vital queerness of drag as though it were part of their "culture". In the midst of this celebration of essential straightness (healthy sexless muscle boys and mommy lesbians--the drones), a few unsuspecting & therefore tokenized queers can be found. All disenfranchised queers have been led to believe that this is their one glorious day, but it is actually ridiculous

# Lesbian Code

genuflection to nothing. The truly fabulous drag queens who parade down the dirty "gay and lesbian" back streets are being used. The "gay & lesbian" vision of drag queens is that they are quaint anomalies offered to straight society like silly enslaved creatures trapped in a petting zoo. This "Pride" day is the one day freaks of all stripe are embraced, and only then to spice up their homogenized, boring "gay and lesbian" death march.

This "Pride" event is both queer-baiting and queer hating. It is a prime example of the complex system of closeted/closeting symbols that allow "gays & lesbians" to recognize each other without getting dirty or offending the Master Race(straights). All of their symbols rely on euphemisms and a staunch refusal to pick a side; they try to suck real queers into their fake identity without letting Massa know. They rely on safe, discreet imagery such as the insipid rainbow flag (which symbolizes nothing, certainly not diversity), the lambda symbol (Arcane!), the Red Ribbon(Pretty!) and "Freedom" Rings. All of these items can conveniently be made into tacky jewelry which "gays & lesbians" adore. This insider code is a product of what "gay & lesbian" people refer to as the closet and perpetuates it.

While sucking the life out of anything queer they can get their hands on, "gay & lesbian" people worship & adore any straight person who would deign to be seen with them & thus validate their alleged measly existence. This collaboration is greatly beneficial to the straights as it feeds their already engorged egos with proof of the inherent superiority of heterosexuality & their benevolence in being seen with an inferior "gay" or "lesbian" person. All current "gay & lesbian" "politics" is corporate sponsored power sharing with mainstream culture and is designed to maintain the status quo at all cost. Mainstream organizations solicit "gay & lesbian" consumers via elaborate public relations campaigns for profit and profit only. Thankfully, queers and hets never have and never will have such a contract. Queer people do not mirror, celebrate or tolerate het-ness. "Gays and lesbians" are the carriers who co-opt queer culture and barter it in the marketplace for points with the powers that be.

"Gay & lesbian" people are not real; they are lacking in queer qualities such as intensity, rage, provocativeness & intelligence. They posture with synthetic affect; most notably sentimentality & self-pity. When reality strikes them in the face, they respond with whiney, christian, peaceful candle-light

vigils & deferential speeches free of anger. "Gay & lesbian" people appear to be incapable of rage, of breaking out of their mindless conformity & fucking with the oppressors. They need stagnance to maintain they myth of "gay & lesbian"-ism. Queer rage scares the shit out of them & sends them running hysterically back to their straight role models.

Since "gay & lesbian" people are completely aligned with straight culture but are attracted to the allure of queerness, they assume a victim mentality and both deny & abuse their privilege. Their "activism" is about getting more power, \$\$\$ and straight approval and leaves behind non-whites, S/M fetishists, fat dykes, transsexual/transgender people, poor people, etc.--in other words, true QUEER agendas. They believe in Clinton, democracy, AIDS profiteering organizations, Walk-A-Thons, liberal guilt disguised as "political correctness" and babies.

However, the most egregious crime of "gays & lesbians" is Bad Fashion. The boys adopt a repulsively sterile aesthetic of health reminiscent of a mythical germfree adolescence to stave off death from AIDS; clones parading around in Bugle Boy jeans, displaying designer muscles, reeking of CK1 & dancing idiotically to boring "house" music with their peroxidey fake tans. The girls "work" and outmoded bowl cut with a non-wardrobe intended to be as lackluster & sexless as possible. The boys look the same, the girls look the same; they suffer from a massive dose of self-imposed facist gender policing. There is nothing sexy or cool (ie. QUEER) about them. This bland homogeniety is their flock mentality, their way of feeling safety in numbers & recognizing their "family" without alerting their het superiors. They fabric a concept of clone/family/tribe which really just means they are begging for a collective cattle prod.

It is our duty as queers to expose the lie of "gay & lesbian" identity, to humiliate them with otherness--bring back the return of the repressed. We must puke on their shoes, shit in their faces & KICK THEIR ASSES. But first and foremost, we must refuse to allow them entrance into queer culture; we must force them to be totally absorbed into the straight mainstream from which they sprung. We must make queer clubs, music, & art for us & not let them, in their pathetic quest for an identity, near it. We cannot afford to settle for their bogus "gay & lesbian" culture or believe their lies--it is killing us, drowning us in pabulum, and numbing us to the point of invisibilit WE ARE THE TRUE CULTURE. THESE PARASITES ONLY EXIST AS THEY FEED OFF OF BOTH QUEER & STRAIGHT CULTURE.

THEY ARE DEAD. Now, let's remind them of it.

THANKS TO MARQUIS DE SADE, PROTO-QUEER

BITCH!

Dear ~~Jodie~~,

I fucking hate you so much, every time I see you on the cover of some lame entertainment magazine, I have to buy one and take it home to deface it, write 'loserbitch' on you, take an exacto knife to your legs and arms. (Well- what is that shit?) ~~How~~ How could you blow me off, Jodie? When I was 11, I wanted you so bad, the way you reeked of pre-teen dyke. You were only a few years older, it seemed like a possibility. I wanted your little un-sunburned ass so bad, your sultry tomboygirl mouth... In Freaky Friday, with that seventies hair and sexy assurance in your eyes - I would have done anything for you. If you had slept over, I would have looked up your cunt with my flashlight; fucked you hard with my Bonnie Bell jumbo lipsmackers (7-UP flavored). And when you were Tallulah

PS-At least Sandra can get it off.

in Bugsy Malone, I would have made myself a boy for you, whatever it took. You know, you were a billion times hotter before you hit adolescence and started watching yourself. I kept waiting for you, but <sup>now</sup> Jodie, you really suck. (Whitney-please!) You were the hard on of my youth and you blew it, you bogus, privileged to silence, 1/2-assed, lukewarm, self-righteous closet case!!!

No love lost,

A little femme who would have been pleased to have whipped it out of you.

3. *Use Adjectives:* Acquire a list of expressions or words which compliment masculinity, such as "you big, tough brute," or "you stubborn, obstinate man," or "you hairy beast." Other appropriate adjectives are—unyielding, determined, difficult, hard-hearted, inflexible, unruly, stiff-necked, indomitable and invincible. Be certain that your words compliment masculinity and will not belittle his ego, such as the words little, imp, pip-squeak, insignificant, weak, simple-minded, etc.

## WHY HOMOS SHOULD LISTEN TO GANGSTA RAP

Because your therapy rock isn't working.  
Because the world is not all about you & your pathetic life.  
Because some people know where and who they are and you  
should fucking learn.  
Because you play it safe and "liberal", whatever the fuck  
that is.  
Because when they say faggot/dyke etc. MAYBE THEY DO MEAN YOU.  
Because it's the only music powered by reality in the  
corporate world...making money & fucking.  
Because your denial is both tired and ugly  
Because political correctness is a lie. Stop lying.  
Because the beat is powerful. Miss Sandra told you that  
and for once she didn't lie.  
Because it's about rage and you have none.  
Because rappers never complain about getting paid, you do-  
gooder liberal fuck.  
Because you're boring as shit.  
Because somebody's gotta tell you where you stand.  
Because you are a faggot, get used to it.  
Because you are a dyke, get used to it.  
Because you are a ho, get used to it.  
Because you are the devil, get used to it.  
Because G&T is the shit, baby.  
Because your club music has no soul, no clit, no balls-  
Nothing. NOTHING.

Because pumpin' the glock holds a helluva lot more weight than  
your wimpy candlelight vigils.

Because the world is not pretty or innocent.

Because you're compliant and implicated. Grow up.

Because your sex life is boring-might as well hear the  
boastin' of someone's who's gettin' laid.

Because rappers go their own way you sorry lazy sheep.

Because the world is out there and you aren't a part of it.

Because you need all the reality you can get.

Because you create nothing/accept everything.

Because you're a white liberal pain in the ass.

Because you're racist and ugly.

Because you've exploited countless people. Pay back time.

Because the white liberal rap you play is garbage-tokenism,  
pathetic.

Because rappers "never hesitate to put a nigger on his back"  
...learn how to eat your own.

Because you need to learn bravado instead of your deranged  
victim mentality.

and

Because it'll rock your fucking world, BEEEE-YATCH!

You better ax somebody.

PP.48-49

To me, queer is about subversiveness, undercutting, twisting and contradicting whatever norm exists. Its not just about fucking the same sex- its about going after and exposing the polarized either/or categories we've been bludgeoned with in regards to sex and gender. The gay and lesbian agenda is dependent on reductive concepts of male/female, straight/gay. Things are so much more interesting than that.

When am I being queer? When I refuse and continue to refuse their "lesbian" title and constantly assert bi and queer to challenge their ghetto-mentality ideas about sexual preference. When I experiment with drag king by doing drag of the males I most loathe in this culture- straight white frat boys- and find in doing it that I easily assume my swagger and entitlement here, harrassing my fag friends, taking up groin space, focusing on tits and ass. I am queer when I parody gender by experimenting with homovestism\* going in drag as a hyper-feminized woman and ofcourse being mistaken for a drag queen! Sexually, its playing a young "masc." guy getting fucked up the ass by my lover wearing her dildo/the older taunting fag, and getting off on voicing the fake rape cry of a closeted man. Its being a masochist who can explore her sadism, a dykey femme or a faggy butch messing it around. Queer is whatever kind of edge play and subversion you are into- whatever arena of life constitutes and edge for you to push or force. But queer is never about standing still or accepting easy answers and convention- it is always about queering the sauce and betraying the boundaries.

\* Thanks to Laura for this term!

In our travels, we frequently see pairs of women who pique our interest. They wear either look-alike backpacks or look-alike boots or shoes, windbreakers or parkas, or all of the above, in the same color, style, or brand. We call it the Lesbian Bobbsey Twins look. We love it. We've met lots of great Lesbians because of it.

## Miss Manners Guide to the HEALTHY GAY LIFESTYLE

Do not smoke.  
 Do not drink—well, one glass of wine at brunch is acceptable.  
 Do not take illegal drugs.  
 You should learn to two-step.  
 Make sure to have at least one therapist & belong to one support group (more than one is more healthy!)  
 Wear the appropriate Pride accessories.  
 Men: Wear an excessive amount of cologne.  
 Women: No amount of cologne is acceptable—BE SENSITIVE!  
 Get a tan-beach or booth.  
 Smile when questioned by heterosexuals.  
 Hold said heterosexuals' hands through their confusion on the perils of homosexual lifestyles.  
 Always be well-groomed.  
 Do not speak about homosexuality unless spoken to.  
 Have respect for others! No public displays of affection!  
 Always have safe sex and moralize about it to others.  
 If you have had unsafe sex, LIE!  
 Lesbians! Never sleep with a man.  
 Gay men! Have appropriate fascination with women but still be tastefully repulsed.  
 Make your wedding plans now.  
 Always take a member of the opposite sex to appropriate function:  
 No homosexual should be seen in drag. Drag shows are acceptable entertainment when amongst friends, but realize it is not a healthy gay lifestyle.  
 Support gays in the military.  
 Give President Clinton his respect. He's trying!  
 Never listen to hip-hop or punk rock. Rock in general is to be avoided. REM is ok. We know and he knows.  
 Cultivate an appreciation for musicals or folk depending on your gender.  
 Respect the sanctity of the closet—NO OUTING!  
 Pornography must be kept pleasant & to a minimum. Keep hidden discreetly unless it is Madonna's *Sex* or a Herb Ritts book.  
 When you find true love, monogamy is the only choice.  
 Support all things homosexual.  
 Do not fight violence with violence. Vigils are appropriate.  
 Gay men: Never use derogatory slang for women in their company.  
 Lesbians: If you must use the patriarchal penis (dildoes) in your bedroom, keep them tastefully out of sight.  
 Turn the other cheek always.  
 Honor all heterosexuals & their rights.  
 Talk about people who are overweight only behind their backs.

Subscribe to homosexual publications. Know your community.  
 Do not come out to people who don't need to know.  
 Be witty!  
 Do not get AIDS.  
 Don't talk about AIDS in polite company. Brunches are meant to be enjoyed—don't bring others down.  
 Participate in some sport—HEALTH is the utmost!  
 Lesbians: Do not eat meat around other lesbians.  
 Never ask anyone out unless you know that they know that you know. Rough trade is tacky.  
 Keep sex tidy.  
 Let your parents treat your lover as your friend. They have hard lives too, don't make it worse.  
 Ignore anyone who discovers your sexual preference & perpetrates a hate crime. Do not fight. Smile. You're ok.  
 Don't be associated with too many people with AIDS. Enough to show you're ok with it but not too many to make people worry about your health.  
 Find at least one friend of the opposite sex and one friend of a different race. Bring them to parties.  
 Respect the 70's, hate the 80's  
 Do not have sex in public.  
 Have a dream of having a child, but understand you would be bad for that child.  
 Lesbians: Make sure you include gay men in your activist work.  
 Gay men: If no women are at your activist activities, drag is appropriate to increase gender parity.  
 Cultivate liberal guilt and always remain politically correct.  
 Don't get fat.  
 Lesbians should shave or pluck facial hair.  
 Gay men should shave their chests—bare pecs are important.  
 Remember: Heterosexuals are your friends, nasty queers, however are keeping you down with their distasteful ways.  
 Realize that "bisexuals" haven't decided yet.  
 To be avoided.  
 Do not question feminist theory. People's feelings are easily hurt.  
 Read & respect classic homosexual lit. Take the Well of Loneliness particularly to heart.  
 and remember:  
 The closet is always open for your use. Be tasteful!

## THE SHIT LIST

1. Dobres O'Riordan for being the anti-abortion / anti-woman warbling vocalist for the million selling Cranberries. Pro-fetus bullshit & all around bad blonde dye job. This big headed bitch is stealing yr money & she skips girlishly onstage w/o irony. KILL HER NOW.
2. Boston's AIDS ACTION for being AIDS profiteers w/ anti-woman + anti-lesbian policies that act as though women w/ AIDS is just a token problem. They "want" more people of color. They "want" more women. They "want" more MONEY. The usual Homo BULLSHIT. A pitiful sexist / racist enclave. KILL LIBERAL DO GOODERS.
3. LIZ Phair for being a tuneless wonder who thinks by using the words CUNT & BLOW JOBS she'll be a riot girl. Anti-fashion, this LIAR MUST BE SHOT.
4. Camille Paglia for glorifying the outmoded homosexual man and general anti-DYKE sentiments. This manic bag lady should be out of our earshot before we shut her THE FUCK UP, thank you.
5. Edmund White for his racist glorification of the boring upper class white homosexual in volume upon volume of meaningless drivel. For being a general ugly old leech obsessed with firm buns + the paté set. CUT OFF HIS FINGERS.
6. Boston Gay Magazine Editor Jeff Epperly the self-appointed spokesguy for all QUALITY homosexuals for his disgustingly self-important, self-absorbed woman hating, gender segregating apolitical world view. He only wants his HALF of the pie. SEND HIM A BOMB IN THE MAIL.

THEY'RE VICTIMS ALREADY-it'll be easy. it's time to kill or be killed, essentially-pick your teams now. and I'll tell you, the QUEER team has better uniforms. once we rid ourselves of this scourge we'll look even scarier that we already are. het america won't know what to think-if we bash our "own", who knows what the fuck we'll do to THEM.
