

«THAT'S SO
GAY»

IS THAT OKAY IN THE
PUNK SCENE TODAY?

-HELL NO!

♥ by Tuck 'n' Muffins ♥

hi we're Tuck and Muffins. we're writing this zine because homophobia stinks (!) and regrettably we've experienced some of this hatred within the punk scene. we feel that the punk scene is a place which offers acceptance and community to those who might not fit into the mainstream culture. unfortunately, it appears that gay bashing often goes unchallenged, making the scene unsafe and uncomfortable for kweeys and their allies.

How Should a gay identified person feel at a punk show when they here somebody say something ~~along~~ along the lines of

"Hey I'M gunna Kill SOME FAGGOTS!?"

(This actually happened) Espeshully when no body says "hey thats Fucked up"? If nobody identifies or addresses this problem then how can the punk scene be a truly safe & comfortable community? This is why we are writing this ZINE!

LIST OF WAYS TO HANDLE

HOMOPHOBIA in the Punk Scene.

- ① if you hear someone saying "thats so gay"
ask them what they mean by that. Are
they using the word gay as a word
equivilant to bad? Do they really believe Gay=
Bad or are they just saying it because
"everyone says it"?
- ② If you feel comfortable/safe, Say sompthing
+ Stand UP for those who don't feel
safe enough to say anything... You can/will
make a difference! ♥♥♥♥
- ③ Give them a ~~copy~~ copy of this
zine! HOMOPHOBIA IS NOT OKAY!
