HI THERE!

HELLO AND WELCOME TO NO APOLOGY #6. WE HAVE TALKED LOTS ABOUT PORN AND SEX AND RELATED STUFF IN THE PAST, BUT THIS IS A BLOW-OUT-STYLE MEGA-SEX ISSUE. WE HATE MADONNA. BUT WE LOVE SEX, SO WE DECIDED TO DO OUR OWN SEX THING WITH THIS ISSUE. UNFORTUNATELY WE REALIZED THAT THIS COULD GET US INTO A REAL MESS, SO WE ALMOST PUT AN AGE LIMIT ON IT, BUT DECIDED INSTEAD TO KEEP OUT OF MOST STORES. PLEASE FEEL FREE TO SHOW IT TO "UNDERAGE" PEOPLE, BUT KEEP IN MIND THAT COP FUCKS SOMEWHERE MIGHT FIND OUT (POSSIBLY FROM A PARENT-FUCK) SO USE YER HEAD.

• **RAPE:** WHEN A PERSON IS FORCED TO HAVE SEX AGAINST THEIR WILL. RAPE IS NOT OK. IF YOU THINK RAPE IS OK, FUCK OFF - CUZ YOU SUCK.

• **SEX:** WHEN ONE OR MORE PERSONS WILLINGLY ENGAGE IN PHYSICAL "RELATIONS" USUALLY INVOLVING THE PENIS AND/OR VAGINA. SEX IS OK. SEX IS WONDERFUL. SEX PARTNERS WHO DISCUSS SEX ENJOY IT MORE.

THIS ZINE IS ABOUT SEX, NOT RAPE. WE DO NOT FEEL THAT EXPLICIT EROTIC ART LEADS TO RAPE. WE FEEL EROTIC ART IS ABOUT ENJOYMENT - OR AT LEAST

IT SHOULD BE... IF IT ISN'T, AVOID IT. REMEMBER TO MASTURBATE BOYS AND GIRLS, MEN AND WIMMIN! IT'S FUN!

ENJOY,
Dumpster Dog.

Percentage of mothers and fathers who say they have talked with their children about sex.

- Parents and children who engage in a high degree of communication about sexuality may share values to a greater extent than parents and children who communicate less.
- Ninety-eight percent of parents report that they need help in talking to their adolescent children about sex.
- Teens would like to communicate more about sex with their parents. Half of the teens in a 1988 survey said that their parents have not provided enough information (or in some cases, no information) about sex, and that they want more discussion about sex with their parents.

PUTTING THE WORLD IN PROPER PERSPECTIVE

Censorship Tip - a wonderful LA-area zine called "Better Homos and Gardens" was shut down temporarily because it supposedly infringed a trademark. It came out later as "Turboqueer". The big rag, "Better Homes and Gardens" said the zine was going to compete for their market and injure their reputation. Sure. Whatever. At least we know we can't change "No Apology" to "SpewSpeak". Bravo to zine editor Dan Ley, and, as he said, "Fuck 50 years of Better Homes and Gardens tradition." (from Advocate, Nov. 17)

Skins Still Suck - a Jewish man was beaten and burned to death by skinheads in a race-motivated murder in the Netherlands. Fortunately for the freedom loving world, some cops arrested a few suspects. I suspect they then took the three out to dinner as a way of saying "job well done." (from Star-Tribune, Nov. 23)

"Terrorism" - congratulations to whoever is responsible for firebombing five meat trucks at Swanson Meats. The best part is: the FBI can't figure out whodunnit! The quick-dry-glue lock jamming is also an excellent pastime that the same people participated in. Triumph came with the announcement that no-one was injured. Give them liberation, don't give me no meat. (from Star-Tribune, Nov. 10)

Real Terrorism - a U.S. aircraft carrier launched two missiles at a Turkish destroyer on Oct. 1 in the Aegean Sea. Apparently some senior officials on board fucked up, causing the deaths of five Turkish sailors. A kinder, gentler nation - bullshit. We are the terrorists now. (from Star-Tribune, Nov. 28)

More Terrorists - we all know about Operation Rescue's campaign of terror against innocent people doing legal activities, how they shout,

intimidate, and harass the wimmin who try to maintain their health at abortion clinics. Well, they try to deny it, but their crowd stepped to new lows in the Lord's service when on Nov. 8 one of their type tried to bomb the Robbinsdale Clinic. For 1500 years now the Christians have been in the business of persecuting and burning and such. Oh, now they're different? Yeah, right. (from MN Womens' Press, Nov. 18)

Lone Dickhead - some fuckhead posted 17 notes in the Wilson Library 3rd floor men's room. The editor of this zine personally found and removed them. They all contained the anti-womyn message: "YOU could be the next victim of lies told about men by 'rape' crisis centers. Write to your senator and/or congressman to have these places closed down." Asshole, you know who you are, we don't, but when we find out...

Dickhead Posse - a dickhead judge named Gary Crippen ruled that persons seeking immediate temporary restraining orders against abusive partners must notify the partner of the order - even if they do not feel safe doing so. He also suggested that in custody cases the restraint seeker (usually a womyn) must give 12 reasons in court why she is a better parent. Then a dickhead lawyer named James Manahan stated in front of the MN Supreme Court that usually these temporary restraining orders were sought by wimmin who had been slapped once and that it was rare for wimmin who had been abused for longer periods to do so. He also said that in one-time abusive situations restraining orders were inappropriate. Fortunately the MN Supreme Court is equitably staffed with wimmin who told this guy he was an idiot and seemed to indicate a reversal of the other judge's ruling. (from MN Women's Press, Nov. 4)

Wimmin in War - recently much has been said about wimmin in the military, and how it's only fair that they get to fight, too. Well we agree with Douglas Prindle, a WWII veteran with a Purple Heart medal, who said that wimmin should not be in the army, and "My contention is that not even young men should be required to go to war. There must be a better way to resolve disputes. War really doesn't resolve anything anyway, it just lays the groundwork for the next idiocy." (from Star-Tribune, Nov. 23)

War on Wimmin - British medical research reports that in the last 15 years that deaths of wimmin due to lung cancer from smoking more than doubled. Hurray for the tobacco industry. Their war on wimmin is working. Please boycott all tobacco and tobacco companies. Definitely quit smoking. And don't buy magazines that advertise cigarettes (though it's OK if you steal them). "You've come a long way [closer to death], baby!" (from Star-Tribune, Nov. 28)

FUCK COPS!

This month's **True Pigs** stories are geographically arranged, east to west. So first I want to mention an undercover pig in Boston who was spying on (oh, "investigating") a safe-sex party on the suspicion they might be selling alcohol "illegally". Although he signed a waiver stating he was not a "policeman", he "arrested" the party organizer and "charged" him with running a house of prostitution. Most gangs like the "police" are pretty homophobic, so the bust is no surprise to us. (from Advocate, Nov. 17)

Two big deals in New York lately. First a female NY Transit "Authority" pig shot and murdered a person she alleges was robbing her apartment, after he charged her with a toy pistol. Finally, wimmin can kill invasive men, but they hafta be cops to do it. (Star-Tribune, Nov. 23)

Also in New York, several of these same transit pigs opened fire on two undercover pigs who were trying to "arrest" a "fare-beater", mistaking the "arrest" for a mugging. After

all, one of the undercover was African-American - and Willie Horton is real and don't you forget it - and really, no matter what color, don't you wish yer own local "police" would kill each other off. (MN Public Radio, Nov. 19)

In Detroit four pigs were charged in connexion with the beating death of an African-American motorist, three others were suspended but not charged. "Order" in Detroit was maintained because the three pigs were charged Unlike the Rodney King incident the "police" chief was quick to denounce the whole affair. However, Detroit pigs carry no non-lethal weapons (like Mace), so they beat a man to death with their flashlights as an alternative. As it stands at this writing a month later, the pigs are saying little and no

verdicts have been issued by the "justice" department. Remember LA? (Star-Tribune, Nov. 17; MN Daily, Nov. 23)

In Minneapolis, a University pig named Gary Downing is being sued for sexually molesting a boy on a baseball team he coached in 1978. He has been put on indefinite leave by the department.

On the other hand, also in Minneapolis, a pig named John Moorman is under suspicion of rape. An African-American womyn has accused him of raping her repeatedly in her apartment, in uniform, on duty, while she was cuffed, and he was videotaping the scene. Oddly enough, though he has been accused of similar crimes before, Moorman hasn't been charged yet - and as far as I know (and I'm not calling the pigs to ask) not even had his job messed with. This is in spite of the fact that fellow pigs seized a videocamera, 36 videotapes, sex paraphernalia, and three sets of handcuffs from his home. At least one tape contained the proper evidence and has been reportedly partially erased. For some reason the MPD have been moving very slowly on this case and say very little to indicate that they care. Fuck the police! (various sources, mainly MN Women's Press)

THE ATTACK

by Heide

Most definitions of female sexuality are made by men, but why? I don't think they have any clue what it is like to be a woman. So I think it's rilly fucked that men are getting richer off something they are so uninformed about. The wimmin who have written books about female sexuality are definitely more able to understand womanhood, but I am usually just as disappointed with their work. Freud came up with a theory that all wimmin have penis envy. I disagree, some might, but I think it's more like privilege envy. I believe he came to his conclusion because he worshipped his own penis, and therefore thought all wimmin feel the same. I think that his male bias played a part in this as well. Erik Erikson came up with an observation that all wimmin have an 'inner space'. This is true but he continues and says this space is in the lower abdomen, and the vagina and uterus remain empty until filled by a penis(& child). This is obviously another case where male bias affected what the outcome would be. Nancy Friday has made several attempts to make wimmin's voices heard. In the process she made a fool of herself by trying to play doctor and explain why wimmin have certain fantasies. I don't know that any explanation was necessary. By giving an explanation for every fantasy she seems to be saying wimmin need to make excuses and apologize for being sexual creatures. Madonna's book 'SEX' seems to be just another attempt at making a buck rather than to liberate wimmin. Susie Bright focus mostly on lesbian sex and I think this is a much needed change in literature about wimmin's sexuality. I got this Joani Blank book that's like a workbook with fill in the blank stuff about masturbation, fantasy, etc. I liked it mostly because it was rilly easy to understand. It didn't have an analysis for every one of my answers either. It was mostly a place to get shit off my chest. I think it is a rilly kool approach to examining your sexual self, accept it, and still feel ok.

Most resources about sexuality in general are geared toward the heterosexual world. When you stumble upon a gay/lesbian studies book it is usually written by a straight, white male who doesn't know shit about being gay. Bisexual people are almost always left out so I get more than a little bit pissed at this. In the real world bisexuals are left out in the 'hetero and gay communities. Someone is always criticizing who we're fucking. Lesbians tell wimmin who fuck men that they keep wimmin oppressed, and the straight community says lesbians can't find a real man. I can

still fight oppression and fuck men. In fact, probly more than you seperatists who avoid the problem just hoping it'll go away by itself. I fuck wimmin because men are selfish pigs and wimmin are easier to be open with. I guess you can say I can't find a 'real' man, but *why would I want a 'real' man? I sure as fuck don't want some redneck named Biff with a 12 inch cock who thinks I'm his sex slave.* It sometimes seems that to be equal, in a sexual situation, is to stop fucking men. Most of the punk rock boys I've slept with are the same as the muscleheads. Only 2 of my sexual relationships have been equal, 1 with a man the other with a woman, although I question one at times.

I know a certain male who everyone thinks is so kool and PC. The asshole got my friend drunk to the point where she could not talk. He then fucked and left her naked in the rain. I call this rape without a doubt. BUT since she never said no it's ok in a lot of people's mind. Using alcohol to manufacture consent happens a lot too often in yer punk scene. Maybe next time yer planning on getting a woman drunk and fucking her you should think with yer brain instead of yer cock. Maybe go so far as to actually ask if she wants to have sex. As you read this do you wonder if yer that man? Probly, if you even need to question yer actions, but only you can control if it happens again.

I remember when I was 8 or so, my dad caught me masturbating. He yelled about how bad I was, grrrrls

just shouldn't touch themselves because then they 'turn' gay, and cunts are just plain dirty. All this made me feel shitty about myself but it didn't make me stop. I have to laugh at his ignorance if he actually thought I'd stop because he said so, or because he said I might be a lesbian. I wonder if he is still as ashamed of sex now, and if he has given my brother the same lecture. I doubt it. Why do boys have it so much easier than grrrrls when it comes to masturbating or fantasizing? It's ok for boys to jack off and fantasize and rape or whatever because 'boys will be boys' and they just can't seem to control their hormones. They live life being led around by their fucking dicks not rilly caring who gets hurt as long as they get off. Females on the other hand are told their shit and no man will ever love them if they masturbate. This is rilly awful since wimmin are also told they need a man to be complete. If I fantasize while having sex it is assumed I don't care for my partner and I am cheating them. A big fuk off to anyone who believes these lies!! I masturbate because it feels good and if nobody will fuck me now that's fine. I think fantasies are great just kinda because. I think men and wimmin need to have more open conversations about sex. Wimmin should be able to say 'Yo eat my pussy' and expect some kind of result. Just like guys say 'suck my dick' and expect to have it done NOW. But no, when wimmin ask for something they're sluts, when they stop sucking and start biting they're bitches. Why not be selfish and demand things and expect it done now, men have and will continue to for a long time. I believe equality should exist not only in pay, etc. but in the bedroom as well. A big problem in the wimmin's movement is jealousy and conflicting ideas on porn, sex, etc. that divide us rather than bring us any closer to our mutual goal of equal treatment. We need to set our differences aside or we'll never reach that goal. A place to begin to break away the shame around our sexuality is to be open about fantasies and all experiences, good and bad. In doing this we are saying we're sexual beings with wants and needs that

come before pleasing and serving men. We need to define for ourselves what it is to be wimmin. Sitting around complaining about the lies society teaches us will not change shit, but saying what the truth is will(eventually) make a world of difference.

For us the link between poetry and body died with the bardic era - we read under the influence of a cartesian anaesthetic gas. In north India even non-musical recitation provokes noise and motion...whereas we listen to poetry like some SciFi brain in a jar...the rest of the body off on some other planet. In the East poets are sometimes thrown in prison...Here poets are allowed to publish anything at all - a sort of punishment in effect, prison without walls...world without risk or eros. If rulers refuse to consider poems as crimes, then someone must commit crimes that serve the function of poetry...at any cost re-connect poetry to the body. Not crimes against bodies, but against ideas which are deadly and suffocating...In England some pornographic books are still banned. Pornography has a measurable physical effect on its readers. Like propaganda it sometimes changes lives because it uncovers true desires... America has freedom of speech because all words are considered equally vapid. Only images count - the censors love snaps of death & mutilation but recoil in horror at the sight of a child masturbating - apparently they experience this as an invasion of their existential validity...

BABY SAY: NINE MONTHS AGO THEY WERE FUCKING LIKE CRAZED RABBITS. NOW I'VE GOT THIS SOFT SPOT FROM THEM FUCKING THE LAST NINE MONTHS, TOO! BUT FOR THE NEXT 18 YEARS, WE'LL JUST SEE HOW MUCH THEY TALK ABOUT SEX. I'M BETTING VERY LITTLE... I WON'T BE TOLD THE TRUTH ABOUT HOW I WAS MADE UNTIL YEARS AFTER THE FACT... ALL BECAUSE THEY THINK SEX IS DIRTY. OH WELL, I MAY BE DIRTY, BUT AT LEAST I'M NATURAL...

The girl's name was Hilda Plummer. She was rather plain looking with horn-rimmed glasses.

One day he followed her to the library and waited for her outside. When she came out she

discovered him and told him to follow her to the rear of the library. She then told him to expose himself and stick his penis in her mouth. However, before he could she got on all fours and pulled up her dress. She

commanded him to tear off her panties. He did. He then performed cunnilingus on her.

She kicked him in the groin.

Reems lays on the bed and removes his pants. Linda performs fellatio on him. Eventually she takes his penis all the way into her mouth down to his testicles.

She continues this until he ejaculates on her face. Bells are shown being rung. Fireworks are going off. She continues to perform fellatio on him.

She turns and thanks him for saving her life. She wants to be his slave.

The other female removes the male's penis and he ejaculates in her mouth and on her face. Miss Jones joins her and licks the semen from the other female's tongue and mouth. Both women lick the man's penis and each other's mouth. Both females also lick their hands clean of the semen. The two female embraces and kiss, then relax on the male's body.

These are all excerpts from the Attorney General's Commission Report on Pornography. (aka the Meuse Reports)

Excerpts from various sources.

7. Three photographs of one female inserting her tongue into the vagina of the other.
8. Two photographs of one female kissing the buttocks of the other female while inserting her finger into the other female's vagina.
9. Three close-up photographs of one female inserting her finger into the vagina of the other.
10. Two close-up photographs of the face of a female with the penis of a male in her mouth. What appears to be semen is dripping down her face and hands.
11. Two photographs of one female lying on her back while the other female touches the first female's vagina with her fingers.

One male is lying on his back and Miss Jones is straddling him. The other man is on his hands and knees over Miss Jones. "Now, now, put it in my ass", she says. The male under her penetrates her vaginally. The male on top of her penetrates her anus. She says, "harder, harder." "Fuck me," she says, "your cock in my cunt is so hard.

Can you feel him in my ass? Can you feel him? Can you feel his prick?"

She looks up towards the man over her. "Can you feel your cocks together? Rubbing against my wall, and filling me up completely. Oh yes, further, further in my ass. Can you put your prick further up my ass, and further in my cunt." She says, "all of it, all of you, harder and faster, harder and faster, oh fuck me, faster, harder, faster, I can feel

them throbbing inside me, hold still, hold still, I don't want to come yet, hold still. Ah, yes, now slow, slowly, that's nice, can you feel your cocks together. Can you feel me getting wetter and wetter, I'm gonna come, I'm gonna come, come with me, don't come inside me, I want to feel you come on my leg. I want to feel the juice run down my leg."

The male underneath her removes his penis from her vagina and ejaculates on the other male's scrotum. The second male removes his penis from her anus and ejaculates on the other male's testicles.

MIND CONTROL

Cults are more plentiful and destructive today than ever before. They are also smarter, richer, and often surrounded with "respectability." Who are they? How do they get normal, intelligent people to give up their free will and drop out of the mainstream of life? Most importantly, how can you recognize and avoid them? Answer: Learn to recognize the approach they ALL use. You will then have at your command the very best weapon for combatting cults: an informed and free mind!

Cult involvement:

- You are made to feel guilty or shamed (typically to move you toward more group service).
- The group must come first over everything else.
- They defame your past religious & social affiliations.
- Parents, friends, outsiders, and ex-members are viewed as "unenlightened" or "unsaved".
- Doubts and questions are perceived as signs of weak faith or commitment. You are shunned if you persist with questions critical of the group.
- Relationships emphasize submission to leadership and/or your "discipler" or "mentor".

The "Hey Baby" Lies and Insults Sale is a joke. **Problem:** it's not all that funny. **Reason:** wimmin are not for sale; sex is not for sale. **Incident:** a woman left home, she was harassed by men yelling "Hey Baby", she suffered similar verbal attacks at work, and again on way home. **Culture:** consumer by nature, propaganda used to encourage sales. **Propaganda:** consistently uses images of wimmin in ways that will "hopefully" cause men to buy products and/or cause wimmin to buy product so as to emulate the wimmin in the picture. **Lie:** the images of the wimmin are not essential to the product in most cases, in fact, often there is no possible correlation between the two. **Truth:** what happens when the ads are actually made to sell the wimmin instead of a product? **Ugliness:** the condition experienced by the problem, the reason, the incident, the culture, the propaganda, the lie, and the truth. **Action:** defy true ugliness in daily life, fuck up the program, do not buy lies, do not sell insults.

We have plenty of reasons to be upset with the sex industry. The makers of pornography have ever been assholes exploiting (mostly women) to make a profit. Definitely a strip joint is a place of degradation. Women are put on display and the men leer and taunt. Sometimes they even "tip" a buck or two. In fact, the whole scene at strip clubs is not about sex, but power: a place to reassure men they are not insignificant and indeed they can boss this here lady around.

But it is dangerous to try to censor pornography and limit the "freedom" to do sex work. Why? Because sex work and pornography are not necessarily oppressive to women. I agree that they often are. My main argument for freedom is this: if you censor pornography, you will not eliminate it, you will make it more oppressive and secretive. It's already hard enough for women to get out because of the stigma. The stigma will only get worse in a prohibition.

Another good reason to protect freedom is this: when we give in to a certain group and allow them to ban porn, we give that same group a powerful tool to use against anyone who would talk about sex in ways they don't approve of.

(onto next page)

This would mean that lesbians and gays can forget freedom. Everyone who masturbates will have to keep it hushed up. People who want to discuss how to use condoms will have to be careful, etc, etc. This certain group hate women - and I can prove it. This group has no love for sex, and they can't stand porn. They call sex education, frank sex discussions, "queerness", masturbation, erotic art, and just anything with nakedness, "pornographic" and/or "perverted". These people do not care for women's equality any more than they care for porn and sex. These people are Christians. Here is what "God" says:

STALE ODOR

You know what the problem with mail order is? Stuff can tend to sit around for a while before it sells...hence, the **Stale Odor** page. How this page works: you find stuff you want, you grab a sheet of paper and write down what you do want along with your name and address, you write down whether you want your money back or something else you want if we run out of your item, if you want to trade then include trade item(s) (like tape/tape, zine/zine, BUT NO SHIRT TRADES), if you ain't got shit to trade (make something, or) send CASH DOLLARS and sometimes STAMPS (no checks or MO's for anything please), put everything together in an envelope/package and mail to: **No Apology**, Po Box 14308, Minneapolis, MN 55414. Trades will get preference if there is a shortage!

Prints - intaglio printing is an ink process way different from xerox or pen. If you don't quite understand, go to a museum and ask around, they will show you some copperplate prints. Anyhoo:

I have two prints for sale right now. One, called "Holocaust", is a rich, vivid image about the world we live in. The other, "River Scene", is a view of the mighty Mississippi with some smokestacks in the background. I have seven "Holocaust" and three "River Scene" to sell. Both are \$35 unmatted. Send SASE for xerox of prints. Include phone number to see them in person.
