so anyway, there is a band that i think is really cool, (not like there aren't a 100, but anyway) this band is especially cool because it's my band. but anyway the lineup will remain mysteriously secret, for no good reason at all, other than that's the way it will be, but anyway, our name is VISITORS KIMBERLY, and we are really cool, at least i think we are, but what else would you expect from a member of the band. so anyway, hopefully soon we will be making a 7" or a 10" but, that's up to me so, i'll have to see. anyway, it's too early to say, because we only have like 5 songs and one is a cover, and therefore, it shall remain nameless, for the same reason stated above. our influences are scattered so therefore, our music will follow suit. right now we are without drummer, and they are hard to come by in this city. which sucks, but maybe we won't have one, or possibly i'll do it, yeah right. right now we have 3 singers, a guitar player, bass player, and a creative consultant, 3 people, you figure it out.

if i saw you now, could i look in your eyes. do you think of me, like i dream of you, do you wish you were here like i wish i was with you, you've loved me before do you love me now, does love ever end when two hearts are torn away, or does it go on and beat strong anyway, you've loved me before do you love me now, come back to me right now, come on come on come back to me right now. come on come on come back to me right now come on come on come on, you've loved me before, do you love me now, you've loved me before, do you love me now?

it's so weird because in every part of town that i have lived in, i see this one particular piece of road kill,, this thing that is always sitting on the street or slapped across the sidewalk, and it's just the grossest thing, yet it's good, i always see, used condoms, wrappers or part of a condom, as gross as it is i suppose it's better than not...

Okay, so im here to talk to you about something that was in my last zine. it was a sad little tale about D2. any way just a short recap for those of us who don't recall or have never read my zine before now or, those of you who bypassed the entire story(although i don't know how that would be possible, it was the first story.) So, i waited in line to get into see duran duran. not in concert, but to meet them and sign autographs, an in-store. anyway, my friends and i stood in line forever, when it was our turn, they decided they were done with there visit and split, so my last column on this exact issue was a rant of how they suck. Well, my friends as of yesterday i am employed by that very store where said instore took place. And, have i got something funny to tell you. tonight was my very second day of being employed by them. after the boring store meeting, we were asked<sup>1</sup>/<sub>2</sub> questions about things we had discussed during the boring meeting or a few music questions about music, like when is the street release and title of micheal jacksons new album. well who the fuck knew that, i didn't but, of course. Well, i answered 2 qusetions and i recieved 3 prizes. the first question was about lifting and i know all about lifting and that shit because i broke my back (another clue as to what was in the last issue) on with the story, the second question was name all the members in duran duran. well, i got them all but, blanked on Warren Cuccurullo. I won the prize anyway, i got an autographed duran duran poster from the very same visit that i was to meet them at in April. Now, i don't know what to say about that but, i think that is pretty fucking insane, what would you think about that, i thought it was so, ironic and a little late. it is not my sole property, it also belongs to the two other people who stood in line with me for 5 long long long hours. it's the least i could do. aside from barfing about the incident it's kind of cool.

OVER

i never thought i would let a girl control my world, yet i should have figured, i don't want to be with men therefore i control them willingly but until recently i had never let a girl control me in such a frightening fashion. my moods my schedule, my life, and you know i probably spent a total of two weeks time with her, most of which we slept through, at least we were together right. well, it got weird and then it got over, yet as i sit here now typing this i question if it is indeed over, she is coming to my house tonight and after all the bullshit, i still find myself excited to see her, yet she kinda treated me like hit, and i treated her like royalty.

there is something to be said for things and people that you will never have, there are a few people that will never have me and there are lots of people that i would like that i will never have, i don't mean like to have, is to own, i mean have a special memory with, not just sex, wait not even sex, i think i have been the most hurt in my life at this point by someone i never had sex with, a person perhaps i could have had sex with, but it was me, i was waiting for the right time, rather the right feeling, but that feeling never came. maybe because i was waiting for it almost trying to manufacture it, and make it right, trying too hard to please her and then only getting hurt in the end, i was so free and loose with her, whatever she wanted i went out of my ways to get it for her. and the shitty part is i did these things because i wanted to, she never really asked for anything and the relationship is not over yet and still as pissed off at her as i am i still can't wait to see her, i can't wait to do things for her, i can't wait to make her happy once again, and we are by definition, nothing. we really nothing more than "special friends" so she said. and i went for it, i felt so hard for her that she seized control of me the first time i told her she was special to me the first time she saw

that look on my face that twinkle in my eye that set everything off, the

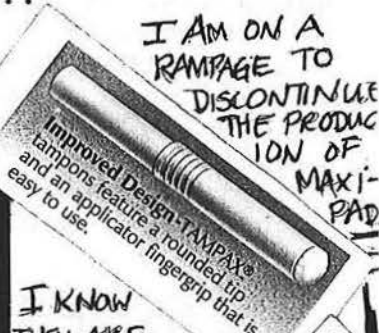

confusion progressed and i ended up feeling like i was in a hall of mirrors because in the end it feels like i had a relationship with my self, i feel like all the stress and worry was for not, because i know that she never went through what i went through, i was stumbling through every day and she was laughing the whole way, it felt like i was being used but, i wasn't because it was me that gave her permission to use me. it really sucks because now that i have come to the realization that the whole thing was completely ridiculous, i still feel like i AM WAY in love with her, i had a dream about her last night, that she had told me that everything between us was cool, so when i woke up she was the first thing on my mind, and that has not happened since i came to the conclusion that she was not as into me as i was into her yet now, that i don't feel so lost in her she seems to express a reciprocation of emotion just a little late and i want to feel that way for her, because i worked so hard to get it, but now in the end it does not feel like it has been worth it. she is not very willing to talk with me about what she wants and i have a hard time expressing up to now, she has to know how i feel and have felt for 2 months how much i was in awe the first day i saw her 5 months ago and how it felt to kiss her for the first time, how i had to sit through endless nights waiting for the phone to ring while she was out having a good time, and i stood here staring at that fucking door, the door we first kissed at the door that she softly knocks at..

OUT  
AND  
NOT

it's wierd because i know lot's of people who are in the closet, but they are full grown adults, i guess maybe because i'm not that i think no one should be, and really no one should be, yet there are all these other bullshit components involved in the whole issue, and it kinda bugs me that people are so frightened, no to knock these people it's just that i know how scary it can be and i think that it's so much better for your health when you just out yourself because you feel better emotionally and physically and your whole world changes, and you look at things so differently and it would be so much worse if you were outted by someone else, and also it would be embarassing, and i think that the whole act of outting someone is total shit but, it's so much better when you can join the millions of other brave faggots and stand up and be counted and say that you are not going to take thins shit, and it would really be cool if all those bi-sexual straight people would also stand up and say look at me i choose to be with the opposite sex but, the same sex is so appealing as well, and i won't go unnoticed. but people are afraid and i can't really get angry at them but, then again, this discrimination will not go away if you play scardy cat in the closet.

 embarassed, i am not nervous i am not so  
 worried, but you are not for me. i can't  
 have you even in my dreams it feels wrong  
 but, you are so cool, you are so great and  
 you don't even know it. that's the really  
 great part, you are so true that you don't  
 even dare to see how cool you are because  
 that is just not you. you are so passionate  
 about things that i love you are so brutally  
 honest and blunt you are so great and i  
 think in another life i loved you and my  
 hope is that you loved me but, never will  
 you be the girl for me or the boy, you are  
 not meant for me in this life but maybe in  
 another you are mine all the time. just  
 made for each other but whatever is the  
 reality my dreams and my fantasy and my  
 head and mind and body want to be with you  
 but whatever, im not your and you are  
 not mine and that is the way it will be for  
 now at least. there is nothing worse than  
 feeling like you love someone who just  
 cannot love you. but that's okay i understand  
 i will get over you, our friendship is  
 worth so much more to me than all that other  
 bullshit that can get in the way. stay  
 true to your dreams and i will try really  
 hard to get you out of mine...

do you ever wonder if anybody can find  
happiness with you. like i am pretty odd.  
and i think that most people think that  
they are really in the norm or they are  
way off the map. i'm off the map, but any  
way, i do wonder if anybody will ever be  
able to live with me. i change my mind  
about every five minutes and i never  
know what i want and i'm really into  
quiet time, time to be alone, and i  
spend lots of time writing, and i have  
some really strange habits, and i

IT'S WEIRD HOW SOME  
TIMES YOU ARE THINKING  
OF SOMEONE JUST A RANDOM  
PERSON, IN A RANDOM THOUGHT  
IN A RANDOM MOMENT, TOTAL  
RANDOM. GET IT, YOU'RE JUST  
SITTING THERE ONE DAY AND  
YOU DRIFT INTO THOUGHT OR  
BECOME NOSTALGIC FOR A MO-  
MENT AND YOU THINK OF  
THIS PERSON OR THAT.

WELL THIS HAPPENED TO ME  
RECENTLY, I THOUGHT OF  
SOMEONE WHO I HAD GONE  
GONE TO HIGH SCHOOL WITH FOR  
A FEW YEARS WHO WAS A  
GUY WHO ASKED ME OUT  
AND WHO I ALWAYS SUS-  
PECTED AS BEING GAY.

THEN A COUPLE OF DAYS  
LATER I STARTED MY  
JOB AND I WORKED AND  
MY LUNCH WAS LIKE A 7pm  
AND I WENT ACROSS THE  
WAY TO MCDONALDS AND  
I WALKED IN AND I SAW  
THIS GUY THAT I WENT TO  
HIGH SCHOOL WITH. HIS NAME  
WAS DENNIS. AND HE WAS  
IN THIS MCDONALDS WITH  
SOME OTHER PEOPLE AND  
I STOPPED TO TALK TO HIM  
AND FOUND OUT HE WAS  
INDEED A QUEER AND  
I TOLD HIM I WAS  
AS WELL. SO ANYWAY.  
WE TALKED AND HE LIVES  
IN UTAH. TOTALLY RANDOM  
COMPLETELY RANDOM—

## You can switch

i keep flip floppin between gay and bisexual, now i know for sure i'm not straight and that is so totally clear and i don't even need to talk about that. the shitty part is now that i thought i was bisexual i feel like i'm not. let's see to analyze plain as day, i will probably not have sex with a guy again, i really find some guys really hot but, they always turn out to be queer, and i am sick of that, god, anyway, then all these straight guys are into me and maybe if they were bisexual instead of straight i would be more willing and it would be different, because they would understand and that would be okay but, all the boys that have ever thought i was cute have either been gay or straight no inbetweens, it almost seems ridiculous to even talk about but, it really is a problem, because i could most definitely have sex with a guy but that whole in love commitment thing would never fly for me, i like women too much. i could not be in a straight relationship for more than a week, i would go crazy and trying to act straight would be harder to do than going the rest of my life without pot, i would truly have to just give up and call it quits, if it were 1860 i would be so repressed and upset i probABLY would die from sorrow. all i know is that i'm a queer, and i will never, ever denounce that if i were to go out with a straight guy, he would know what time it was with me from day one, because there is no point in lying...

feet...

why do people have such a problem with feet, my sister never gets foot massages from her boyfriend because of his foot complex, he thinks they are so gross, one of the best massages you can get is a foot massage. the only thing that bothers me about feet, is hairy toes, now i know that sounds kinda lame but, i have a fine little toe hair, and it bugs me, i can't really do anything about it, i can't get rid of it. or i will have hairy neanderthal toes...

IT'S NOT FLAWLESS  
BUT NEITHER  
ARE YOU!  
DEAL WITH MISTAKES: IT'S

in september of this year, 1995, i was asked if i would like to interview that dog, well with them being up there in my list of favorites i was more than willing. moon and i worked intensely on questions for about a week. we had a lot of things we wanted to ask them about, the following is what transpired...

fred

tony, are you going to play cello on a that album?

tony

well, you know i love playing cello and stuff, i love playing a lot of different instruments, but usually when we have a cello in that dog stuff, we like to use tanya, who is petra and rachel's sister. because she is much better than i am. i guess in a tight spot, i could go in as well, if we want two cellos simultaneously. no, i generally reserve my cello skills for other people's records.

fred

like the mike watt album?

tony

exactly.

fred

petra, what about working with beck?

petra

with beck? that was fun, i liked it a lot, some of it was kinda confusing, cos he wanted me to play something, he would always change his mind, so he would want something different. then i would record it and he'd be like "no, wait i wanted, la, la, la." and he couldn't sing the note, so it was hard for me, but it was fun, it was really fun doing that.

fred

so, what's this i hear about the rentals?

petra

oh, the rentals? um, yeah i played on that and i sang, that was fun.

tony

she made the whole thing, it would have been nothing without petra.

petra

yeah, it was fun.

fred

is rachel on it, too?

petra

i think she sings on one song.

moon

who is it primarily?

petra

it's matt and tom grimley. they both work together, they're matt's songs, but tom like really helped a lot.

rachel joins us

fred

rachel, how old were you when you started playing bass?

rachel

i was 17, my brother has two bases and he lent me one of them and i just picked it up to be cool, and he was in a band. and then i had a friend high school who was in a punk band and they needed a bass player, and he gave me a tape of their song, and i practiced to it everyday, and i learned the song, and jammed with them the next day and they were really impressed, and i was their bass player for like two days, but it was fun.

Petra,

that dog, continues

fred how did you get signed to  
magnatone?

rachel well, i was going out with  
this guy in slug, you know the  
band slug?

fred/ yes.

moon

rachel they run the label, and he was  
over my house, hanging out, and  
anna happened to be there  
and played a tape of the  
songs she had been working on,  
for him. and he said, "wow,  
this is great, you should  
record this together as a  
band and we can put it out."  
petra we were like, "oh my god, a  
label." we were excited.

fred what other bands were you in?

rachel petra and i were in a band  
called salamander and we had  
to stop that because we were  
sorta in salamander at the  
same time that dog was  
starting, so we had to choose  
and we chose that dog.

tony i was in a lot of different  
weird bands in new york, a  
band called corduroy here  
but it's a different corduroy  
a band called fondle socket,  
a band called ruby falls, but  
i'm not in those anymore,  
and i've been in a band nine  
iron, which i am actually still  
in. it's been a kinda on-going  
project that's taken different  
shapes for about like 5  
years.

fred are there any releases?  
tony there are two cd's out on  
safe house records, you should  
check it out, it's good  
clean stuff.

anna joins us.

fred so what about you, anna?

anna i wasn't in any?

fred really?

anna this is my first band.

fred now i have a question for you  
anna, i just wanted to ask you  
about the rock for choice  
compilation, how was that?

anna how was it?

fred yeah, how did you get involved  
in it?

anna um, tony was friends with one  
of the people putting it  
together, julie harmelen, and  
um, i don't even know how, she  
asked us to do it, it sort of  
fell together.

fred did you choose your song, or..?

anna yeah, we chose it.

fred i really like that song.

moon yeah, it's great.

anna thanks.

fred okay, so why the period after  
that dog?

anna it's just how it happened.

tony it's better than not having  
one.

anna it's how i envisioned it. it

tony

anna waronker was born on  
July 10, 1972 in Los Angeles.  
She sings and plays guitar and  
lives and writes at "the lodge"  
in Los Angeles.

that dog, continues

petra finished it off, evened it out.  
tony it was closure.  
and it was done before the  
janet jackson album-janet.,  
which was lower case with a  
period, we did it before janet  
did.  
fred and exactly which dog is  
that dog?  
anna no one, it's just road kill.  
petra tony like to think it's him,  
but it's just road kill.  
tony it's just a poor dead dog.  
anna some decomposed animal.  
fred so what are your favorite  
tracks off the new album, or  
your favorite tracks to  
perform?  
anna to perform, um back of my mind  
is a big favorite among the  
band. jump from our first  
album, i guess we like to do  
he's kissing christian, but  
we are getting a little bored  
of it.  
tony michael jordan is funtot  
anna silently, actually, cos i like  
silently.  
tony yeah.  
anna and then when we do acoustic  
shows, it is a totally  
different thing, like we love  
it's really fun to do the  
really quiet songs, so...  
petra i like to do rock star, too,  
which we can't really perform,  
but um we like to do all of  
them but...  
fred and since the release of  
christian, how have your lives  
changed?  
anna not at all.  
fred really?  
anna you mean having to do with the  
song, or having to do with our  
lives?  
fred since the release of the new  
album?  
anna no, i know, it hasn't changed  
at all except we have to tour  
now, we have to leave our  
lives and go on tour, and do  
something else.  
moon but, that's what you  
wanted, right?  
tony some of us, anna's not big on  
touring, it's not easy.  
anna no, it's hard to like leave  
your life for 2 months at a  
time.  
tony if we could bring all the  
places to our house, you know  
and we could play all those  
different places, and sell all  
t those different people, it  
would be great, but it's the  
getting there.  
petra it's the timing that's  
difficult, too.

tony maxwell was born on  
June 3, 1968 in Paris. He plays  
drums, piano, acoustic guitar and  
percussion and, like anna, lives  
at "the lodge" in Los Angeles.

that dog, continues

fred so, are there any other  
collaborations or compilations  
coming out?

petra the poop alley thing.  
tony poop alley is the place where  
we recorded a lot of stuff,  
and tom, who owns poop alley,  
owns and runs it, has just  
put out a triple cd, is it?  
double.

anna/  
rachel  
tony double cd compilation of tons  
and tons of bands.

anna we are all over it in  
different places.

moon oh my god, really?  
anna there is only one that dog  
song, um, petra and tom have  
their own little project.  
it's not little.

petra no, it's not little.  
anna it's only littl cos it's  
two people, so they have one  
track on there, they are  
called recess.

tony it's kind of arty, king of  
experimental. (laughs)

anna i do a song with their brother  
(rachel and petra's) i do a  
song of my own, and i'm actually  
on the very first track  
singing on a rental's song.  
and i do a disco horrible  
song, what else?

tony petra is probably on a  
rental's song.

petra yeah, i'm on a rental's song,  
and on the b?? (not sure)  
song. i play violin on a bunch  
of songs.

anna if you hear any violins, it's  
her.

moon and what label is that on?  
anna it's on win records. i don't  
know where you can find it.

tony it will make it's way up here.  
moon is that a california label?  
tony yeah, there is a group called  
waldo the dogface boy. and it's  
their label, waldo inter-  
national network is what it  
stands for.

fred so, are there any b-sides  
other than that grunge couple, if  
you want to consider it a  
b-side?

anna we did a song for volume.  
moon out of england?  
anna yeah, i think it's volume 9,  
so there's the poop alley  
thing. the spirit of '73  
thing. geffen rarities.

tony geffen rarities.  
moon there is a volume 2 coming out.  
tony i don't think we are on that.  
anna i don't know, we were  
wupposed to be but then other  
things happened, i keep trying  
to follow up, but i haven't.  
thanks for reminding me.

moon sorry.  
anna no, no, it's good.  
moon it's not coming out for awhile.

that dog, continues

tony we have a 7 inch of grunge couple and i invented a head that we have for sale only at our shows, we pressed it ourselves.

rachel we have so many, buy as many you want and tee-shirts.

moon do you have any old ones?

petra no, none of the old ones, the new ones are really nice, though.

tony and there are other things we are on. uh, i can't think of them, there are some things that might come out, oh there is this german compilation for a magazine, i don't even know what it's called.

anna what else, what else?

rachel the germs compilation coming out of bands doing germs covers.

moon what are you guys doing?

anna we must bleed.

tony which is basically old timer, so we did old timer with we must bleed's lyrics.

moon cool.

fred so, what's the first song you learned to play?

tony mine was the entertainer from the sting, you know the scott joplin song?

petra probably, lightly row.

anna i can remember, i learned to play a randy newman song, he gives us all his love, on piano.

fred how about guitar?

anna um, i don't really play, normally a tuned guitar, so i can't really figure out how to play anything but tony did teach me how to play regular chords, and i think, what did i learn to play?

tony miss world.

anna miss world, by hole.

rachel well, on guitar, my first song was every breath you take.

anna you know what, when i took bass lessons, i played that song.

rachel on the bass? i didn't know you took bass lessons.

tony she had a little mini-bass you were like 9 or 10 cos i used to steal that bass and have jammin sessions with joey.

fred who inspires you to do this?

rachel god.

tony goddess.

anna to do what?

fred what you are doing, making music.

tony we are only in it for the money.

fred actually going through the months and leaving your lives?

tony the almighty buck, the grateful dead, the ghost of jerry. i saw you know, that road was his mistress. and i just-who is she gonna be with now? it's up to all the other bands to try to get in there and keep her

that dog, continues

happy.

moon so, you guys like touring  
(directed to rachel and  
tony) and you guys don't  
(directed to petra and anna)  
and is that what i'm getting?

petra i like touring. our last  
tour was kinda miserable,  
because it was so hot, so  
tiring, but it's good now  
cos it's winter.

moon so, you guys didn't get much  
time from the last tour?

anna yeah, that's why i'm sorta  
bummed out, because both  
tony and i had to move, and i  
moved like 2 weeks later  
than him.

fred yeah, just moving a week  
ago and totally unsettled.

tony it's more just the feeling  
of being away and knowing  
that there is no real home  
to think about and be  
comforted by.

petra and you don't want to  
leave people.

moon so how long is this one  
gonna last?

tony this one will last a month  
and then we have 8 days off,  
then we go for another month.

anna but that one is easy  
because we come back for a  
week and go away for another  
few weeks.

tony that is the easy one.

rachel the jawbreaker one?

moon you're opening for jawbreaker?

tony yeah, from the middle of  
november to the end of  
november, like texas through  
the south, up california.  
it's at the great american  
music hall, 2 nights in a  
row.

fred so, what's the next single?

anna we don't know.

tony good question.

anna what do you think it should  
be?

fred silently.

tony really?

anna what do you think it  
should be? (to moon)

moon lip gloss.

tony ah, yeah.

moon is that too weird?

tony no, it's been talked about,  
it's likely going to be  
ms. wrong or silently.

moon i thought ms. wrong was the  
first one?

tony no, it was christian.

moon i thought it was because on  
the cmj cd.

anna ms. wrong was?

moon yeah, anyway, so i thought  
it would be the single.

tony we'll probably do either  
that one or silently.

fred so, what's next for that dog?

anna i don't think we know.

**rachel haden** was born on

October 11, 1971 in Manhattan.

She sings and plays bass and

percussion and lives

in Los Angeles.

Rachel

that dog, continues

petra haden was born on

She sings and plays violin and  
lives with her 11 tortoises  
in Pacific Palisades.

tony touring, one step at a time,  
you know, do some touring and  
work on some new material,  
and just go from there.  
get ready to do the country  
album.

moon now that you're on a label  
and you can get in touch  
with people, is there anyone  
you want to work with?

tony petra has been approached a  
lot.

moon yeah, who wants you?

petra um, different people, jane  
wiedlin, i worked with jane  
wiedlin, um, the rentals. you  
were gonna work with suzanna  
hoffs.

anna i'm at some point working, or  
i started and then stopped  
working like a year and a  
half ago working on producing  
we all play on a record  
that we are doing with pat  
smear, so that's pretty  
cool.

fred/ yeah.

moon

moon

anna

when is it going to happen?  
well, we recorded a bunch  
like a year and a half ago.  
then we had problems with  
the person we were working  
with and then ever since  
then, we have both been so  
busy we haven't had a  
chance, but we are gonna go  
back in the studio.

moon now they are touring.

anna yeah, we are actually  
touring with them through  
europe.

rachel yeah, i'm really excited  
about that.

anna anybody else.

tony who we want to be working  
with and stuff?

anna well, you have nine iron.

tony yeah, i have nine iron  
which are going to be  
putting out a single soon.

anna well, i want pat ~~MATHENY~~ to  
produce a record for petra.

petra that would be my dream to  
work with pat ~~MATHENY~~

tony i would love to do a little  
collaboration, just me and  
bjork.

moon that would be hot.

tony a multi-media extravaganza.  
do you have anybody?

fred i'll be in anyone's band.

rachel rachel haden, a.k.a. s.l.u.t.  
band slut.

tony anna?

anna i think i'm too hard to  
work with other than that  
dog, so i don't know.

tony i wanna get into some duets,  
like...

anna yeah, i wanna do duets. i'm  
into that, ballad duets.

tony i would work with brandy, i  
would work with bjork, kd  
lang. anna would be into a  
collaboration with aimee

It's a thrilling new world of crushes, kisses and questions for that dog,  
and all the answers lie in the music that only they can create.

Anna,

that dog, continues

anna mann.  
oh my god, aimee mann, yeah  
that's true, thank you.  
fred what about you? i don't  
believe you are a band  
slut, so?  
rachel um, i wouldn't mind doing a  
little duet thing with kd  
lang, that would be nice.  
tony and kristen hersh.  
rachel yeah, kristen.  
tony you and kristen, like spot-  
light album. i also have  
fantasies of doing sort of  
a like techno-trip-hop  
album that i would put all  
together but like reconfigure  
use their abilities other  
than what they're like in  
that dog. just throw in these  
crazy harmonies over these  
messed up techno songs.  
moon isn't it hard to do those  
3-part harmonies.  
anna no, we do okay, but i think  
that we are really lucky.  
moon you guys sound great.  
anna thank you.  
moon and it's so unique, such  
a great sound.  
tony and it's really not, you  
just plug it in the computer  
and line up the voices.  
(LAUGHTER)  
petra oh, i wanna play on a  
computer right now.  
moon do you guys have a little  
web site?  
rachel no, but i have a gameboy.  
tony there is a that dog web  
site, but i haven't visited,  
but there exists one, there  
is a that dog folder.  
petra it's a folder on aol, that  
some teenage girls set up  
through tower records, some-  
how.  
tony well, i gotta go set up my  
drums.  
fred/ thank you.  
moon

THESE PEOPLE CAN LIKE

BECAUSE THIS GUY WAS IN  
THIS CAR WAS FUCKING A  
WOMAN AND THEN THIS  
COP COMES UP AND MAKES HER  
GET OUT OF THE CAR AND  
HE'S SUPPOSED TO BUT HE'S  
TOO BUSY IN THE CAR HAVIN'  
A HEART ATTACK. SO SHE  
TRANSFORMS INTO A MAN AND  
KICKS THE SHIT OUT OF THE  
COP. AND THE GUY IN THE  
CAR LOOKS OUT THE WINDOW  
AND VIOLA! HE SEES A  
GUY. SO, WHAT IF WE COULD  
ALL BE INTERCHANGEABLE  
MALE AND FEMALE. BUT YOU  
HAD A TENDENCY TO BE  
ONE MORE THAN THE OTHER

ORIENTATIONS OR MORE. YOU  
COULD HAVE SEX IN SO MANY  
DIFFERENT WAYS. IT WOULD BE  
SO GREAT BECAUSE I WOULD  
LIKE TO HAVE SEX WITH A MAN  
AND BE A MAN, I THINK EVERY  
BODY HAS THOUGHT ABOUT BEING  
THE OTHER SEX, HELL SOME  
PEOPLE THINK THEY ARE THE  
OTHER SEX AND MAYBE IN.  
SIDE THEY ARE. MAYBE IN  
THE BRAIN THEY THINK THEY  
ARE. SO THEN ARE THEY?

luck is a weird thing, i was bitching forever, since like, april, about how badly i wanted to see Elastica, then when the live 105 bfd concert was held and Elastica were added to the bill after it was sold out, i almost cried, two days later i found out they played at the edge, in Palo Alto and it really sucked cos i was in the dark on that one. So, i was going to get tickets to lollapalooza because i wanted to see sonic youth and sinead but, they were so expensive, and on the same day tickets were going on sale for bjork and she is way more of a priority, so i got those instead, then sinead dropped out of lollapalooza and who were added but, Elastica, it was so horrid one more time i would miss them, on july 25 i was ready to go see bjork, and that night she cancelled. the pain set in, i should have bought those lollapalooza tickets, in an act of desperation i entered my best friend in a contest to win 2 tickets, from where i worked, he called me one day and asked me if i had entered him in a contest and i said yes, and he had won the tickets, pretty groovy, so we got to go, there was nothing like it. everybody says it's over-rated and that the first year was so cool and blah:blah, but it was such a blast we hitchhiked there and we bummed a ride back, it was way cool. then i got a call from a friend to tell me that bjork had rescheduled and, the same day tickets went on sale for elastica at the fillmore. luck works in mysterious ways, because last week this guy i know called me and told me he had gotten me a ticket to see Sonic Youth who, knocked my ass out at lollapalooza. even if you don't like them they could probably do the same for you. the best part of lollapalooza was hanging out with the queer band Extra Fancy, from la. they just had an album come out and they are really good, if you see it check it out. they are pretty rockin'

## Elastica Elastica (DGC)

It's telling that rock criticism's favorite "strong women" — Liz, Courtney, PJ — have all recently stripped to their underwear in videos. Through approach and appearance, all three might (or might not) undermine supermodel standards of beauty, but the simple fact that they've disrobed suggests how deeply entwined — and at war — female rock expression is with media presentations of women's sexuality. In contrast, male rock figures retain their power and sex appeal by remaining clothed — you never turn on MTV to see Billie Joe lipsynching in the shower or Beck strumming a guitar in his skivvies (though, personally, I wouldn't mind watching either).

Within this framework, the flashy video for Elastica's "Connection" packs a subversive punch. As singer/guitarist Justine Frischman and the rest of her band (two girls and a boy drummer) pretend to play their instruments, 10 or 20 naked young men kneel at their feet. The band wears black, the boys are cute and embarrassed and the power dynamic is one I've never seen before on MTV. Imagery aside, the video also *moves* well: Splicing in faux concert footage, director David Mould doesn't ambush the viewer with edits; instead, he uses them to emphasize the song's fab glam rhythms. Claims that "Connection" is the best rock single to emerge from the U.K. this decade aren't hyperbole, considering the lame state of British rock. Now zooming up the *Billboard* charts, the song is likely to succeed where Frischman's boyfriends, past (Suede's Brett Anderson) and present (Blur's Damon Albarn), have failed.

Unsurprisingly, debut matches "gang-of-four" co-influenced scientific Up," the group is Effective in small emotional and in Frischman somewhat clever, rhyming "and "Honda" with Still, "Stutter" and Frischman praises the way only an ex and catchier than offer. Elastica is band; whether it'll (like most U.K. band — Johnny Ray Huston

Well, they are my favorite  
band right now. Anyway,  
what did you expect, I'm  
totally in lust with lead  
singer Justine Frischmann.  
She is so hot. The article  
below was an okay review  
I liked the way he told  
you all the good things

about Elastica before, he told you all  
the supposed bad ones. I think  
their songs are short, to the point  
and perfect. If that's lacking ~~emotional~~  
emotional breadth then, so be it. But  
instrumental breadth. I must argue  
with. Why don't you check them  
out and tell me what you think.  
I like it that they are stuck in a  
Punk timewarp. And I am really into  
Elastica's lyrics, like "Sometimes I just

can't function, my hearts

agree that that is

WELL SO YEA  
EVERYBODY  
KNOWS HOW I  
FEEL ABOUT  
ELASTICA THEY  
ARE MY FAVORITE  
BAND RIGHT NOW

I WANT TO GO TO

ONE OF THEIR SHOWS SO  
BADLY. IT'S ONE OF THOSE

THINGS I SPEND LONG MOMENTS  
THINKING ABOUT. SO, IT TAKES  
SOME OF MY FREE TIME, SO

IT'S COOL. I RECENTLY CAUGHT  
AN ELASTICA VIDEO THANKS TO

MY BEST FRIEND WHO CALLED

ME AND TOLD  
ME THE VIDEO  
FOR STUTTER  
AND I WAS  
JUST START-  
ING TO

GET  
USED TO THE

CONNECTION VIDEO

WHICH I HAVE ONLY

SEEN ONCE. I NO LONGER

HAVE CABLE. SO, I'M HANG-

ING OUT WITH 3 CHANNELS

AND IT'S KINDA COOL. BUT MY

COOL FRIEND TAPES ALL KINDS

OF ELASTICA STUFF FOR ME.

LIKE A COUPLE TIMES THEY

HAVE APPEARED ON MTV

AND ONCE THEY WERE ON

FOR THIS WEENIE ROAST

BULLSHIT. I DON'T KNOW—

I'M SITTING HERE IT'S ONE O'CLOCK P.M.  
ON AN UNEMPLOYED MONDAY. INSTEAD  
OF BEING TOTALLY AND COMPLETELY UNPRODUCTIVE  
I THOUGHT ID POUR OUT MY FRUSTRATED  
INSIDES ON PAPER. NOW, IVE NEVER  
HAD A GIRLFRIEND, OR PURSUED A GIRL  
LIKE I FINALLY AM. ALMOST 20 YEARS  
OLD AND I HAVE LIVED A VIRTUALLY  
SEXLESS LIFE. THAT I CAN DEAL WITH  
BUT, IVE BEEN TOLD THAT PURSUING  
THE DESIRED ONE IS SUPPOSED TO BE  
THE REALLY FUN PART. IF ITS SUPPOSED  
TO BE SO FUN WHY AM I SO FRUS-  
TRATED. I CANT EAT, I SIT HERE AND  
SMOKE CIGARETTES IN THE CHAIN FASHION  
AND WAIT FOR THE DESIRED ONE TO CALL.  
IM TRYING NOT TO BE TOO WEIRD OR  
CREEPY BUT, IVE BEEN A GOOD GIRL  
UP TO NOW. IVE BEEN PATIENT AND  
UNDERSTANDING AND IVE HAD MANY  
AN OPPORTUNITY TO ENGAGE IN INTIMACY  
WITH THIS BEAUTIFUL WOMAN AND IVE  
REFRAINED, DUE TO MY GENTLEMANLY  
APPROACH. WHICH I FEAR MAY BE  
WHAT IS STRESSING ME. IVE BEEN SO  
CONCERNED ~~WHY~~ ABOUT BEING TOO  
AGGRESSIVE THAT IVE TURNED INTO  
A SLOW POKE. SO NOW I FEAR SHE  
THINKS IM NOT INTERESTED, WHICH  
IS ENTIRELY UNTRUE, YET SOME  
FRIGHTENING INSECURITY OVERTAKES  
ME AND I BREAK DOWN AND  
FEEL LIKE A TOTAL LOSER. LIKE  
MAYBE IM JUST DREAMING A DREAM  
THAT CAN NEVER BE REAL. HOWEVER,  
EVERYONE ELSE SEEMS TO THINK THAT  
ITS COOL AND WE ARE ALREADY TO-  
GETHER HOWEVER, IM THE ONLY ONE  
THAT DOESNT KNOW THIS. SO WHATEVER  
IF SHE TRULY LIKES ME SHE WILL  
CALL RIGHT. I HATE PHONES. THE  
ANTICIPATED PHONE RINGING.

AHHHHHHH...

## Spreading the RUDE word...

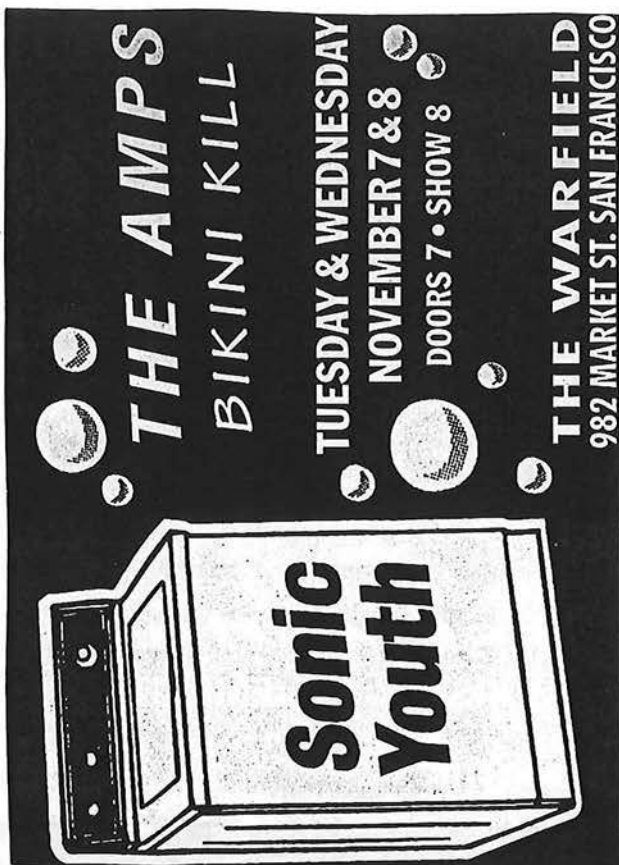

check out this highly "innovative" zine about 4 bi-sexual people living together and sharing everything. There is a really hot story about a youthful romp between two boys. A great story about thinking and being positive, and a really good column called 'sugar walls'. A discussion about my favorite band right now, ELASTICA and, a tale about the tv and it's evil. \$2 to: but its home prod. c/o RUDE box R 9604 s.e. 5th st. vancouver wa, 98664.

this is sex without touching the most intense sexual relationship i have ever had was this summer, there was not any intercourse involved, it was all about expressing true sexual desire and real emotion on paper and then waiting a week for a response. which turned out to be the hardest part. the best and most promising thing was that i could count on the fact that there would be no real sex involved. and i would probably never see this person, so that was cool. it added to the mystery, and somehow it produced a strong urgency between us, like teenagers, we were always hot and frantic. the closest we ever came to having sex was one summer night on the phone at one am we had an

I'M  
SELFISH AND  
CAN DEAL WITH  
IT!  
CAN YOU?

intense session of phone sex, it was definitely interesting, considering im a lesbian and this was with a boy. im gay in my heart and i really love women, but this paper affair was sex not love, i love women, but sex is not love, that is why it worked, i could just pretend he was a girl, words on paper don't carry a voice. i learned so much about myself, and i explored my emotion, but like summer it came to a halt and it is now over, but for 3 intense months it was sex without touching.

so a dear friend of mine bought me a ticket to the sonic youth gig at the warfield, and it was the most incredible show, i have never experienced that. i saw them at lollapalooza and they were rockin but, seeing them at their own show was a the treat of all treats. then the next day i took moon to see them for his birthday, and once again they were amazing, they played a rippin' set both nights, but i was really disappointed that they did not play any shit from goo, until the last song they played my favorite sonic youth track, note. they closed with it. talk about fucking insanity, i was freaking out, i thought i would die. but, i do have the generic set list from both shows, (generic becuz, i wrote them down, with a little help, they are not the original lists.) WE HAV PHOTOS BUT NOT UNTIL NEXT ISSUE + MAYBE I CAN GET MOON TO TELL YOU HOW HE MET KIM THURSTON + COCO!

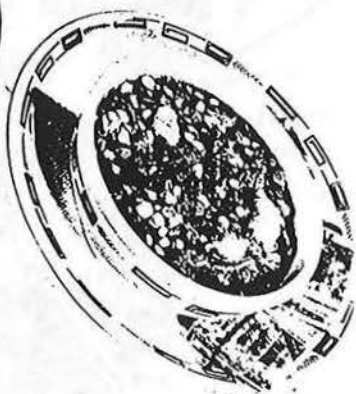

all this ranting and insane raving about elastica had to get me somewhere. i mean it's like, i put out so much energy toward them, and one of the first songs i learned to play on bass was car song. so last month they played the fillmore here in the city and i had to meet them. so with a couple of crafty phone calls and a few nail-biting coldsweats, i was given the opportunity. so we went to the show and, they were of course absolutely amazing they put on such a good show, high energy the whole way through, sorry my type writer is being very weird, but anyway, after the show we went back stage and hung out with them they came out and signed autographs and did the whole little photo thing and we chatted for a while and they were really cool. they were very accomodating, that's the word that moon used to describe the situation.

I WAS SO FUCKING NERVOUS.

THEM AND I KNEW OF THEM, A  
BIG SURPRISE TO HIM, BUT ON  
W/ THE STORY. I ASKED HIM  
A BIG OL' FAVOR. SINCE SUEDE  
IS A FAVE OF MINE I ASKED  
HIM IF HE COULD POSSIBLY MAIL  
ME A COPY OF DOG ~~O~~  FROM  
THE UK. SINCE IN THE U.S. THEY  
ARE THE LONDON SUEDE, AND I  
MENTIONED I WOULD APPRECIATE  
AN ELASTICA RARITY IF HE COULD  
EASILY FIND ONE. IT WAS JUST  
A HOPEFUL THING THAT MAYBE  
HE WOULD DO THIS FOR ME. I  
RECEIVED A PARCEL TODAY FROM  
THE UK ADDRESSED TO  
MY P.O. BOX. IN IT  
WERE 2 CD'S AND A  
LETTER. A SUEDE (NO, THE  
LONDON, ON IT) CD AND AN  
ELASTICA BOOTLEG, I HAVE

NEVER BEFORE SEEN.

NOT ONLY IS THIS GUY  
REALLY COOL BUT HE  
TRUSTS ME AND FOR  
THAT I'M APPRECIATIVE.  
THANK YOU, THANK YOU,  
I'M SO STOKED.

NOTHING I CAN DO ABOUT IT

THIS PHOTO FROM THE DOG & INLAY WAS EXCLUDED FROM THE AMERICAN RELEASE. THIS PHOTO APPEARS AS THE FIRST PAGE WHEN YOU OPEN THE INLAY W/ THE LYRICS TO 'INTRODUCING THE BAND', WHERE IN THE DOMESTIC VERSION THE CREDITS ARE. I SHOULD ALSO NOTE THAT THE BACKGROUND OF THE PAGES IS A DARKER COLOUR + THE PHOTOS, LIKE OF NIXON + JAMES DEAN ARE MUCH CLEANER LOOKING.

NOW FOR THIS ELASTICA THING, IT'S CALLED ANGELS WITH DIRTY FACES. THE COVER OF IT IS A PHOTO OF JUSTINE W/ HER ADAM + THE ANTS PHOTO ON. ANYWAY, THIS BOOTLEG IS VERY GOOD WITH A TRACK CALLED 'FOUR WHEELING' WHICH HAPPENS TO BE THE "ORIGINAL" VERSION OF CAR SONG DIFFERENT LYRICS 'WORK SO HARD' IS ALSO DIFFERENT. NEVER BEFORE HEARD. SO IS THERE ANY TRUTH TO THE RUMOR THAT JUSTINE IS PREGNANT WITH TRIPLETS?

# So What's the Big Deal

## KIM DEAL!

THE BIG DEAL IS  
MY DREAM WOMAN  
KIM DEAL BUT FOR  
SO MANY REASONS  
THAT WOMAN THAT  
WALKED IN TO A  
PRACTICE SPACE  
AND PICKED UP  
A BASS + GOT  
PIXILATED SO  
MANY YEARS  
AGO IS STILL  
SO IMPRESSIVE.

AFTER FORMING HER SIDE PROJECT OF THE BREEDERS  
(WHILE STILL IN THE PIXIES) SHE JUST GOT MORE AMAZING.  
THE PIXIES BROKE UP AND, WELL YOU KNOW. THEN THE  
NEW INCARNATION OF THE BREEDERS, FEATURING MISS KELVIS  
DEAL ON GUITAR AS WELL AS KIM, RELEASED LAST SPLASH  
(WHICH WAS FOR THE BREEDERS, UNFORTUNATELY) + THEN  
CANNONBALL DID ITS THING. AFTER ALL THAT AND VOLUPALDOZ  
THEN THE POSTAL SERVICE MISHAP, KIM SCRAPPED THE  
THIRD BREEDERS ALBUM AND HAS NOW WOWNED US W/IT  
AMPS. A MORE RAW APPROACH TO HER MUSIC W/ SONGS  
LIKE BRAGGING PARTY, EMPTY GLASSES, + TIPP CITY.  
THE ENTIRE ALBUM CALLED PALER KICKS MY ASS.  
THERE IS JUST NOTHING BAD ABOUT IT. THE TITLE  
TRACK IS BRILLIANT, IT STICKS OUT ITS HOOKS +  
GRABS YOU! SHE EVEN BROUGHT BACK JIM <sup>MAC</sup> PHERSON  
FROM THE 2ND BREEDERS ALBUM AS HER DRUMMER.  
VERY GOOD ALBUM, THEY WERE EXCELLENT LIVE. SHE AL  
RECENTLY APPEARED ON A NEW 'RED-HOT-AND-BOTHER'  
IN A BAND CALLED FREEDOM CRUISE W/ KELVIS (KE  
AND OTHERS ON A TRACK, TITLE ESCAPES ME. AND  
LITTLE TROUBLE GIRL ON WASHING MACHINE! A LIT  
DUET W/ KIM GORDON.

sonnet

on the night of the solstice  
in the mist was the moon  
the november breeze is your kiss  
your mind was cultivated ruin

a loss of your faith  
and spiritual corruption  
in your visions a lurking wraith  
a world of total destruction

the soul has solidified  
your body becomes one  
no longer were you crucified  
for whatever you'd done

over is the madness  
and so begins the sadness...

what is a lesbian? and should it  
be capitalized? i would have to  
say a lesbian is in carnate, fore-  
most a female and a particular  
female. what i mean is not all  
women are lesbians, so not all  
women are this kind of woman. A  
lesbian reads, writes, and breathes  
lesbians have brown eyes, yet you  
will see blue or hazel, more often  
than not, they are wearing boy  
pants, by victorian definition,  
aren't all pants boy pants. a  
lesbian is sometimes referred to  
as a dyke, butch or femme, these  
are the most common.

YOU KNOW WHEN YOU ARE  
BI SEXUAL AND YOU ARE  
ALREADY OUT AS GAY IT'S  
JUST AS BAD AS WHEN  
YOU ARE IN THE CLOSET  
AS QUEER. MAYBE NOT  
SUCH A BIG DEAL ACTUALLY,  
EXCEPT, THAT WHEN YOU  
ARE IN THE CLOSET YOU  
MAY FEEL LIKE YOU  
CANT DEAL WITH IT HAD  
A BIG PROBLEM BECAUSE  
I FELT LIKE WHEN I  
CAME TO THE SURE  
REALIZATION THAT I  
WAS OR AM BISEXUAL  
I HAD TO TALK ABOUT  
IT, I THINK MAYBE I  
FEEL LIKE IM REALLY  
MISUNDERSTOOD AND  
MANY PEOPLE FEEL  
A LITTLE STRANGE A-  
ROUND ME AND THEY  
SAY IM VERY SEXUAL  
OR I TALK OF MY  
SEXUALITY A LOT, I FEEL  
LIKE BY MY TALKING  
ABOUT IT PEOPLE WILL  
UNDERSTAND, AND BE-  
LIEVE. ITS NOT SOMETHIN.  
I REALLY WANTED,  
I WANTED TO BE STRAIGHT  
THEN I FOUND MYSELF  
LATER WISHING I WERE  
JUST GAY. HOWEVER IT  
MADE ME FEEL LIKE  
I WAS IN ANOTHER  
CLOSET. BUT NOW IM  
NOT IN ANY CLOSETS,  
MINE ARE FULL OF CLOTHES

wouldn't it figure, i mean you think all the shit is over, like ah you return to normal, you are happy. after you feel you have rid yourself of the emotions one finds themselves having for a particular entity and then you see said entity and it starts all over again, it's that whole, i'll-be-fine-if-i-never-see-her-again syndrome and of course obviously you are not going to be fine if not seeing her again is the only fucking solution. might as well forget it, and if it feels like im going in circles to you imagine what it feels like to me.

do you ever feel like oh maybe i am lonely and so i want some attention and so you go out with a mind-set that you will get some attention and then you find yourself getting all this desired attention and then in the end you are totally disgusted that you actually wanted attention either bad or good, i mean, is any attention really good, are there certain types of thoughts that are good and others that are truly bad ?

"FOR SERVICE WITH A SMILE."

there are certain parts of the body that really turn me on as opposed to other parts. like some people i know are really repulsed by feet now, i don't have a fetish but, i really like feet, i love to give a good foot massage and, i really love the back of the knees, that real soft and tender spot, not necessarily on me perse but on someone, i have a few candidates in mind but, most are just minor fantasy women that i will never have. and they shall remain nameless, for perhaps they may one day be reading this and know it is is or was who knows, be them. so that is all i will say on the matter but, those parts of the body like my other really fave part are the hands and most may chuckle with knowing emotion yet, i appreciate them for their mere beauty and not for what they do, i find women's hands to be so beautiful, especially when they have been hard at work, when they look a little weathered.,

you know when you just can't breathe  
like my sister was just choking on  
my cigarette smoke, like i'm chokin  
on her. talk about suffocation i cant  
even think, it seems like i can't  
even feel. i have to censor myself in  
my own house. she bitches about me  
being a bitch, she's miserable as  
hell. and i'm supposed to empathize  
and be nice, change and be nice, why  
won't you change, no i will not  
change and i will not be nice. it is  
so lame, that i have to put up with  
this shit. i have not lived by my-  
self since i moved out on my own,  
yeah right, first my sisters boyfrien  
lives with me for 11 months and now  
my sister for 2 months, god will this  
end. i don't have any space, a girl  
needs some privacy, just for my own  
sanity, i think you get the general  
idea, and i can't breathe like she's  
choking on my smoke...

phranc looking mighty hot, she has a new release out on KILL ROCK STARS. it's called goofy foot, she's on the cover in a wet suit, surfing, pretty cool, she's on the back of the album standing in the doorway to a cantina or something like a cantina and there is a sign above her head that says no women allowed. or something to that effect, i have not purchased the thing yet but, i am wanting it, especially because bulldagger swagger is on it and i only have it on cherry red vinyl and my turntable is out of commission.

the anticipation is killing me, in less that 24 hours i will be meeting one of my favorite bands backstage at the fillmore. elastica will be blowing into town sometime, tonight i suppose or possibly early tomorrow, and i have backstage privileges and that makes<sup>me</sup> quite happy, anyway after interviewing that dog i did not think anything could make me this crazy, except for hanging out with robert smith for a night except i would probably fall asleep from boredom, as would he...

# PLAY FOR TODAY

IT'S NOT A CASE OF DOING WHAT'S RIGHT, IT'S JUST THE WAY I FEEL THAT. MATTERS TELL ME I'M WRONG I DON'T REALLY CARE. IT'S NOT A CASE OF SHARE AND SHARE ALIKE I TAKE WHAT I REQUIRE I DON'T UNDERSTAND, YOU SAY IT'S NOT FAIR, YOU EXPECT ME TO ACT LIKE A LOVER CONSIDER MY MOVES AND DESERVE THE REWARD TO HOLD YOU IN MY ARMS AND WAIT... WAIT FOR SOMETHING TO HAPPEN. IT'S NOT A CASE OF TELLING THE TRUTH SOME LINES JUST FIT THE SITUATION, YOU CALL ME A LIAR, YOU WOULD ANYWAY. IT'S NOT A CASE OF AIMING TO PLEASE YOU KNOW YOU'RE ALWAYS CRYING, IT'S JUST YOUR PART IN THE PLAY FOR TODAY — ROBERT SMITH

you're just a silly little girl with a hard-on for a tiara and a spiked belt. you would not know what you wanted if it hit on the ass as you walked away. you took very willingly but whatever i'm getting over it as i suppose you already have, and in the end will you ever know what you want, or where you want it, or how you want it, or why?

i suppose this is simply a diary of my life, and you all get to listen, i can't keep a journal anymore because i'm a void when i look at the blank page i see me, i have already let it out, i have already faced the weirdness i call my life, i already have splattered my emotions on the page for everyone to read but maybe the bullshit i spew will help someone else spew their emotions in a useful way. there are things that are private but if you asked, i'd probably share those with you too....

## FASHION '94 WAS KID STUFF

On the runways, waifish women were dolled up in **BABY-DOLL-NIGHTIE** dresses or sported Catholic-schoolgirl kneesocks with kilts worn thigh-high. By next year, they should be dressed for high school at least.

"MOST PEOPLE  
DON'T GIVE A  
RAT'S PATOOTIE."

Low crotch.

IF YOU'RE SO  
SPECIAL, WHY AREN'T  
YOU DEAD?

public transportation is so freaky, not the actual ride or anything but, the way that people interact, or rather their lack of interaction, it's so stupid because, you're like on this bus with 20 or 30 strangers or more and first of all there is the 'issue of your "personal space" which you will not be denied no matter how full the bus is, the idea of actually briefly brushing another person just frightens us, we can not tolerate that squish feeling and it's so lame it's like maybe 20 minutes of your life, and you have to make sure no one is touching you, and it's ridiculous, i mean, it's all about mistrust, now i'll be the first to admit there are times, that you just cannot imagine even getting near. there are a few scraps that i have spoke of in previous issues or this zine, that i would not even poke with a stick, but those are extreme cases, and what of those people who chose to target you while on muni those people suck, i had a woman once gay bash me at a bus stop and then continue with her degrading comments while on the bus, i was so upset i threw out my cheeseburger. and this other woman the other day, started in on me because i looked at her wrong. and that was so lame, but the guy sitting next to her was like leave her alone. so whatever, i mean i understand people and their being leary upon boarding a bus but, i'm not going to bite unless you ask me to, and providing you not like the scrap in issue one. anyway, until i need to rant again...

today i purchxase? purchased the first album that i was given as a child, meaning that since my' childhood, it has since been destroyed, because an irresponsible 7 year old, anyway, i bought PARALLEL LINES. and the shitty thing is that i don't have my turntable, it is somewhere at my mom's house, and, i keep buying all this vinyl,
